SUBJECT: REPLACEMENT FOR SECTION CHIEF
 LIAISON SECTION
 DOMESTIC INTELLIGENCE DIVISION

In view of the pending retirement of Section Chief Roland O. L'Allier, Liaison Section, Domestic Intelligence Division, who will cease active duty January 12, 1962, it is necessary to replace him. SA Daniel J. Brennan, SA Edwin R. Tully and SA Herbert E. Hoxie are suggested as possible choices for such replacement.

SA Daniel J. Brennan, Jr., entered on duty January 19, 1948, is in GS 14, \$12,730, 39 years old, married with no children, has a B. S. degree and attended law school. He was born in Orange, New Jersey. He is presently assigned to the Training and Inspection Division on trial assignment as an Inspector, and has been so assigned since May 8, 1961. Brennan has compiled a well above-average record. After service in four field offices, he served as a supervisor in the Personnel Section of the Administrative Division from March 2, 1953, until February 9, 1957, when he was designated Assistant Legal Attache in Havana, Cuba. He remained there until August 21, 1959, and was designated as ASAC in San Juan, remaining there until his present assignment in the Training and Inspection Division. Brennan's services as a supervisor, Assistant Legal Attache and ASAC have been excellent. He has a good command of Spanish. He was seen by the Director on October 28, 1959, and the Director commented Brennan made a good personal appearance and seemed to have a good grasp of the Caribbean situation, and was interested in his assignment at that time as Assistant Legal Attache. He was again seen by the Director on May 9, 1961, and the Director stated Brennan made a substantial personal appearance, and seemed enthusiastic about his new inspection assignment duties. In such duties Brennan has proved to be most effective. He has demonstrated that he can be firm, penetrative, and that he is a loyal, intelligent, dedicated and hard working individual. Memo September 19, 1961, from Mr. Malone to you reflected Brennan did a fine job in uncovering weaknesses in the Newark Office inspection. He subsequently handled the inspection of the Houston Office capably. He was rated Excellent in his performance rating dated August 8, 1961, with comments that he is mature, personable yet forceful, and that he arrived at good, sound, logical conclusions. Brennan's overtime has exceeded that of the Training and Inspection Division two out of the past six months; however, his overtime has been very substantial, an average of 3 hours and 27 minutes as compared to the division over-all average of 3 hours and 21 minutes. His weight is within proper limits.

law school and was born in Brooklyn, New York. Tully likewise has compiled an above-average record. He served in five offices prior to serving as a supervisor in the Domestic Intelligence Division from February 11, 1952, until July 16, 1956, when he was designated ASAC in Oklahoma City. He was removed from that position, transferred on general assignment to Cincinnati June 29, 1958, for failure to immediately advise the Bureau after receiving information concerning the planned kidnaping of Mrs. Harry L. Crosby. He became ASAC in Cincinnati July 28, 1960, and remained as such until July 9, 1961, when he was transferred to the Training and Inspection Division on trial assignment as Inspector. He was rated Excellent on his performance rating October 10, 1961, with comments that his inspection assignments have been accurate and his paper work required a minimum of supervision. As ASAC in Cincinnati he proved to be most effective, and comments on his transfer performance rating July 7, 1961, reflect he is clear thinking, hard working, and has exceptional leadership quality, together with a fine personal appearance. The Director saw him on July 10, 1961, and stated Tully made an excellent appearance, seemed to be enthusiastic about his new inspection assignment duties and the Director rated him above average. Throughout the years Tully has demonstrated that he is a hard working, energetic individual, who keeps the Bureau's interests in mind at all times. Memorandum of Inspector Moore, December 11, 1961, reflects during inspection of the Newark Office Tully proved to be competent and his work required no supervision. His weight is within satisfactory limits. His overtime has exceeded that of the Cincinnati Office and the Training and Inspection Division three out of the past six months.

ASAC Herbert E. Hoxie entered on duty December 11, 1950, is in GS 15, \$13,730, 37 years old, married with two children, has an LL. B. degree and was born in Lansing, Michigan. Hoxie served in three field offices prior to assignment as supervisor in the Records and Communications Division February 13, 1955. He remained there and in the Crime Records Division until January 28, 1959. He then performed duties as a Permanent Aide on the Inspection Staff of the Training and Inspection Division until May 23, 1960, when he was designated ASAC in the Kansas City Office. Hoxie's record has been well above average. He has been commended on three occasions since becoming ASAC and has not been censured. He was rated Excellent on his 1961 annual performance rating with comments he aggressively handled supervision of cases, and had an excellent knowledge of Bureau rules and regulations. The SAC felt he made an outstanding impression for the Bureau. The latest Kansas City Office inspection, May 1961, rated the office as follows: Investigative and Administrative Operations - Good; Physical Condition and Maintenance, Personnel Matters and Contacts - Very Good. The Inspector stated Hoxie was intelligent, eager and enthusiastic toward his work and made a good appearance. The Director saw him on May 10, 1960, and stated Hoxie made a substantial personal appearance and rated him above average. His overtime exceeded that of the Kansas City Office six out of the past six months. His weight is within satisfactory limits.

The Section Chief of the Liaison Section has four units under his supervision: the Civilian Liaison Unit, the Military Liaison Unit, the Foreign Liaison Unit, and the Defense Plans Unit. In addition to the Section Chief, there normally are 15 other agents assigned to the section and 19 clerical employees. SECTION CHIEF HAS ALSO SERVED AS BUREAU REPRESENTATIVE ON NATO SPECIAL COMMITTEE EJA

Although all the above three individuals have established above-average records and appear competent to handle the position of Section Chief of the Liaison Section, it is believed that SA Daniel J. Brennan would be the desirable choice of the three. Brennan has had more extensive experience from an administrative standpoint. He has combined this with field experience as an ASAC. He likewise has had liaison experience having acted as Assistant Legal Attache in Havana and also a very good facility in the Spanish language. These factors together with the drive, enthusiasm and forcefulness demonstrated by him appear to make him a proper choice.

RECOMMENDATION:

That SA Daniel J. Brennan be transferred from the Training and Inspection Division to serve as Section Chief of the Liaison Section, Domestic Intelligence Division, at no change in grade or salary.

During the Washington Field Office Inspection (12/4-20/61), Mr. Tully assumed duties of the #1 Man upon reporting 12/13/61. He handled all the duties of #1 man, coordinating and directing the efforts of 20 Aides. He handled a number of administrative assignments and personnel interviews. All these assignments were handled in an excellent manner with little or no supervision. He displayed an aggressive, intelligent approach, a forceful manner and an excellent background in all phases of the Bureau's work. He has demonstrated the ability to handle any phase of inspection assignments.

Mr. Tully presents an unusually fine appearance, has a most effective personality in working with others and directing subordinates, and has excellent qualifications for further advancement.

SUBJECT: EDWIN R. TULLY
TRAINEE INSPECTOR

Mr. Tully was the Number One Man on the New York inspection which was conducted from January 8 to February 2, 1962.

In this capacity he handled his assignment in excellent fashion. He displayed an excellent knowledge and understanding of Bureau as well as inspection policies and procedures. His approach to inspection work is good. While he is understanding of the problems that are found in an office, he is not by any means soft in his approach or tolerant of weaknesses which should not exist.

He makes an excellent appearance. During the New York inspection it was necessary for me to leave on another assignment and Mr. Tully functioned as Inspector in Charge for the remaining two weeks of the inspection. His handling of this assignment was completely satisfactory based on an analysis of the finished report.

Mr. Tully is interested in administrative advancement and is completely available.

(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

The purpose of this memorandum is to recommend that SA Edwin R. Tully be promoted to the position of Inspector and reallocated to grade GS-15.

SA Tully completed 20 years of service with the Bureau on 8-10-61. He was assigned to the Inspection Staff on 7-10-61. Since his assignment to the Inspection Staff he has assisted on the inspections of the Miami, Newark (inspection in September; recheck inspection in December), Washington Field and New York field divisions. He conducted the following inspections on his own: Cleveland, Detroit, Little Rock, Memphis, San Francisco and Los Angeles. SA Tully has demonstrated an excellent attitude, is enthusiastic, and has assimilated the rules and regulations governing inspection procedures. He makes an excellent appearance, is personable, amenable, yet forceful, and has demonstrated unusual contacting ability.

In the way of background, SA Tully entered on duty 1-4-43 as SA, is in grade GS-14 @ \$12, 730, is 42 years of age, married and has 4 children, has a BS degree and attended law school. He was born in Brooklyn, New York. SA Tully has compiled an above-average record. He has served in 5 offices prior to serving as a supervisor in the Domestic Intelligence Division from 2-11-52 until 7-16-56 when he was designated ASAC, Oklahoma City. He was removed from that position, transferred on general assignment to Cincinnati 6-29-58 for failure to immediately advise the Bureau after receiving information concerning the planned kidnaping of Mrs. Harry L. Crosby. He became ASAC in Cincinnati 7-28-60 and remained as such until 7-9-61 when he was transferred to the Training and Inspection Division as an Inspector. He was rated excellent in his 90-day performance rating dated 10-10-61. The Director saw him on 7-10-61 and stated that Mr. Tully made an excellent appearance, seemed to be enthusiastic about his new inspection assignment duties and rated him above average.

Reallocation Matters

Throughout the year SA Tully has demonstrated that he is a hard-working, energetic individual who keeps the Bureau's interests in mind at all times. He more than equitably shares the work load. Both Assistant Director Malone and former Inspector in Charge Roy K. Moore whom Tully has assisted on inspections commented upon the excellence of his performance. He is completely available. His weight is within the limits for his height and frame and his overtime has exceeded the division average four of the past six months. Mr. Tully is definitely interested in administrative advancement for which his potential is considered excellent.

RECOMMENDATION:

It is recommended that favorable consideration be given to reallocating SA Tully to grade GS15 with the title of Inspector.

ADDENDUM: [] /lae 4/11/62

In view of SA Tully's excellent performance while performing duties as an Inspector, it is felt he should be reallocated to grade GS 15 at this time and given the title of Inspector.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
- E Excellent.
- ✓ Satisfactory (good or very good).
- Unsatisfactory.
- O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I -- GENERAL COMMENTS

During the rating year, Mr. Tully served as ASAC, Cincinnati, from the beginning of the rating period to July 7, 1961. Since that time he has served as Trainee Inspector, Inspection Section, Training and Inspection Division.

SA Tully, who completed 20 years' service in the FBI on August 20, 1961, has an excellent attitude, is enthusiastic, and completely available for general or special assignment. He makes an excellent appearance, is personable, amenable, and has demonstrated excellent contacting ability. He demonstrated while ASAC at Cincinnati that he could supervise the more complicated investigations, that he is competent to direct raids and other dangerous assignments. He has no known physical limitations.

While in Cincinnati, SA Tully shared in the Director's commendation of April 13, 1961, for achieving a zero delinquency during the month of March, 1961, and in the Director's commendation of April 27, 1961, for the increased speaking engagements in that division. Mr. Tully shared in the commendation by John D. Stewart, Vice President and Inspector, American Express Company, for his assistance in the solution of a case involving the theft of American Express Money Orders which resulted in 12 arrests and the recovery of \$13,000 in blank financial paper and currency.

Since reporting to the Inspection Staff, Mr. Tully assisted in the inspections of the Miami, Newark (and Newark Recheck), Washington Field and New York field divisions and has conducted the inspections of the Cleveland, Detroit, Little Rock, Memphis, San Francisco and Los Angeles field divisions. SA Tully demonstrated excellent assimilation and implementation of the rules, regulations and policies governing inspection procedures. He has been most constructive in his approach and because of his wide and varied experience, he has been of material assistance to the offices inspected. He has made numerous suggestions. Mr. Tully equitably shares the work load and volunteers for additional assignment. He has now received

MEMORANDUM FOR MR. TOLSON

JEH:EDM (5)

1987

Memorandum for Mr. Tolson

September 5, 1962

I stressed to Mr. Tully the necessity for developing quality informants in all three areas of domestic intelligence, criminal intelligence, and civil rights.

X I called to Mr. Tully's attention the case of Special Agent John J. Sweeney, who has remained continuously overweight since the weight program was put into operation. I told Mr. Tully he should indicate to Mr. Sweeney that he would be continued on probation and would not be promoted or assigned to an office of preference as long as he did not meet the desirable weight limits.

I discussed with Mr. Tully the case of Special Agent Dan O. Stephens, who is a Resident Agent at Montgomery and who is on limited duty.

I also discussed with Mr. Tully the attitude of the present Governor of Alabama, John Patterson, and of his successor in January, 1963, George C. Wallace. I stated both should be treated most circumspectly.

I called to Mr. Tully's attention the fact I noted that the Mobile Office had three bank burglaries which were unsolved and he should bear down on these to bring about solutions.

I called Mr. Tully's attention to the fact I noted that the Mobile Office had recruited six Agents since September, 1961, for the New Agents Class and I thought greater effort should be made by the Mobile Division to recruit more Agents.

By memo 8/23/62 it was recommended and approved that Inspector Edwin R. Tully be considered to fill the vacancy of SAC in the Mobile Office, which would result following the transfer of SAC Richard G. Held from Mobile to Minneapolis. Tully's designation was contingent upon (1) ascertaining if Tully planned to make the Bureau his career and did not intend to resign in the immediate future, and, (2) his taking a physical examination and the results being satisfactory.

Inspector Tully was contacted at the Miami Office on 8/27/62, where he is currently conducting an inspection. He unequivocally stated he has no plans to resign in the immediate future and plans to make the Bureau his career. Tully is only 42 years of age and, of course, is not eligible to retire in the near future. He was ordered to schedule himself for an immediate physical examination at the Government facility covering the Miami Office. By teletype 8/28/62 from Inspector Tully in Miami it was stated Tully took a complete physical examination on 8/27/62 at the Veterans Administration Hospital and all test results were normal.

RECOMMENDATION:

Since Inspector Edwin R. Tully plans to make the Bureau his career and the results of his current physical examination are satisfactory, he should be transferred to serve as SAC in Mobile at no change in grade or salary. Appropriate letter attached.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

By separate memorandum it has been recommended that SAC Richard G. Held be transferred from Mobile to Minneapolis to serve as SAC contingent upon Held's continued interest to make the Bureau his career and a satisfactory physical condition, and it is necessary to replace him. It is, therefore, recommended that Inspector Edwin R. Tully of the Training and Inspection Division be transferred to Mobile to serve as SAC at no change in grade or salary. This action is contingent upon Tully's expression of his continued interest to make the Bureau his career. It also is contingent upon the receipt of results of a current physical examination which he should be ordered to take inasmuch as he had his last physical examination more than 90 days ago, on 4/3/62.

REC-138 5 67-211900-277
 Tully entered on duty as a Special Agent on 1/4/43, is in Grade GS-15, \$13,730, 42 years old, married with four children, has a Bachelor of Science Degree, and was born in Brooklyn, New York. Tully served as ASAC in the Oklahoma City Office from 7/16/56 until 6/29/58 when he was transferred to Cincinnati on general assignment after he failed to immediately advise the Bureau concerning certain information in a kidnapping case. He was designated ASAC, Cincinnati, on 7/28/60 and served there until 7/9/61 when he was transferred to the Training and Inspection Division to perform duties as an Inspector. He was given the title of Inspector on 4/15/62. No administrative action has been taken against him since his assignment to the Training and Inspection Division and he has performed his duties as an Inspector in an above-average fashion. He was rated Excellent in his annual performance rating, 3/31/62, with comments that he has been most constructive in his approach and has demonstrated excellent knowledge of Bureau rules and procedures and has been of material assistance to the offices inspected. He was described as having excellent potential for advancement. He was last seen by the Director on 7/10/61 and the Director noted Tully made an excellent appearance, seemed to be enthusiastic about his assignment as an Inspector and the Director rated him above average. The Director discussed generally with Tully the responsibilities which an Inspector must face up to and the Director believed Tully would endeavor to do so. Tully had his last physical examination on 4/3/62 at the U. S. Naval Hospital, Bethesda, Maryland. He was found qualified for strenuous physical exertion with no defects restricting or prohibiting his participation in defensive tactics and dangerous assignments which might entail the practical use of firearms. Tully's overtime has ranged between 2 hours 21 minutes to 4 hours 52 minutes per day for the

I talked to SA Tully who is going to Mobile as Special Agent in Charge.

The need to insure that his Agents were making maximum possible use of the assistance which the various phases of science can offer to the field in investigative and intelligence efforts was pointed out to him.

Stressed also was the importance of our foreign language programs, both as to the need for insuring a continuing flow of good candidates to be trained and the proper use of the language ability after such training. I discussed the recently approved policy relating to consideration of rotation of language-trained men on technical surveillance assignments after three years if the men indicated a desire to change from such work.

I discussed with SA Tully the increasing problems being posed by civil cases arising from outside criminal cases handled in the Laboratory and the recent policy change adopted by the Bureau to meet the problem.

Brought to Mr. Tully's attention was the public relations value to the Bureau of Laboratory examinations made for outside agencies and I pointed out that maximum advantage should be taken of the benefits resulting from this cooperative service. Stressed particularly was the importance of encouraging the submission to the Laboratory of fraudulent checks from outside agencies, both because we are able to help the contributor in a high percentage of such cases and because of the assistance to the Bureau's own check cases, which frequently grows from such local submissions.

I also discussed the general radio communications setup, including attention to proper maintenance of existing facilities.

The major problem in Mobile is one relating to Civil Rights investigations and racial disturbances. There is no particular focal point for such activity. It could flare up anywhere, although generally, the "red necks" are in Montgomery or Selma areas and in the rural areas throughout the State, as well as in the vicinity of Birmingham.

Because of this the need for being aware of the situation in the entire territory was discussed in detail with Tully. He plans to fully explore this situation so that he will be familiar with all facets of it as soon as he arrives at Mobile.

The public relations phase of the Civil Rights problem was also touched upon and reference was made to his relationship with Governor Patterson, the State Police, and law enforcement officers throughout the area in connection with these matters. It was indicated that the best procedure in such a situation would be to work our cases thoroughly, carry a so-called "big stick" and keep our mouth shut with reference to what we are doing.

The problem of Departmental attorneys was also discussed with Tully and it was pointed out that the Civil Rights Division had in the past and would probably continue in the future to send out Departmental attorneys who may not make the right impression, either because of their naivete, ineptness or general lack of worldliness. These may not be all of the contributing factors but, nevertheless, the problem of these attorneys exists and we should keep our activity completely isolated wherever possible from that of the attorneys so that there can be no misunderstanding as to identities.

In addition to the above problem, it was also pointed out that Mobile is an office which has in the past and must continue in the future to produce appreciable accomplishments in convictions, fines, savings and recoveries, and the like. Tully intends to watch this carefully.

SUBJECT: EDWIN R. TULLY
NEWLY DESIGNATED SPECIAL
AGENT IN CHARGE
MOBILE DIVISION

DATE: September 6, 1962

This afternoon I conferred at length with Mr. Tully who has been designated SAC of the Mobile Division. We went over in detail the work in that territory which comes under the Special Investigative Division. It was particularly noted that as of the end of August there were 38 criminal informants furnishing information to Agents in the Mobile territory; that this is an increase of two criminal informants over the record six months earlier. The need for productive informants was stressed, as well as the desirability of widespread coverage of matters of interest to the FBI.

The Mobile Division apprehended 13 general fugitives for the first month of the 1963 fiscal year. This is a slight improvement over July of last year. Mr. Tully was informed that the Mobile Division has apparently been aware of the expanded jurisdiction under the Fugitive Felon Act but that every effort should be made to further expand the services which we are able to render local law enforcement in this field. Two fugitive cases were more than two years old and this was brought to Mr. Tully's attention.

We discussed the Criminal Intelligence Program in Mobile. While there are no notorious hoodlums in that area, there is gambling activity and bootlegging operations which must be followed closely so that any possible Federal violation within our jurisdiction might be developed.

We went over generally investigations involving Security of Government Employees and the various applicant-type investigations handled in this Division, although there is no problem in regard to these in Mobile.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SA EDWIN R. TULLY
INSPECTOR
TRAINING AND INSPECTION DIVISION

PART I -- GENERAL COMMENTS

This is an administrative performance rating prepared on SA Tully occasioned by his transfer from the Training and Inspection Division to the Mobile Field Division as the Special Agent in Charge.

Mr. Tully makes an excellent personal appearance, has a very pleasing personality, and has the ability to get along well with people both inside and outside the Bureau. He is in excellent physical condition, possesses a fine work record, and has given freely of his own time to accomplish the goals of his assignments. He is fully qualified to handle all types of investigative assignments as well as participate in or lead raids or other dangerous assignments. He has no physical limitations.

During the rating period, Mr. Tully has handled 10 inspection assignments. His work has been of an excellent or outstanding category in all instances. He has been very probative and penetrative in his inspection duties; his paper work has been superior, and he has required an absolute minimum amount of supervision in the handling of his assignments. His thoroughness has been demonstrated by the results he has achieved during the rating period. He is very fair and firm in the handling of his duties and has shown outstanding technical competence. He has demonstrated supervisory ability in that he has planned his work well. He has given superior guidance to subordinates, demands respect and admiration of those whom he has under his supervision. He is available for general or special assignment and is within the weight limits.

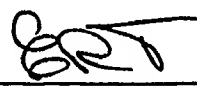

Mr. Tully is intensely interested in administrative advancement for which his potential is excellent.

SUBJECT: SA EDWIN R. TULLY,
transferring to Mobile as SAC

I talked with SA Tully, who is going to Mobile as SAC.

I pointed out to him that with regard to matters of a policy nature, or involving items of public interest, he should be particularly careful to call these promptly to the Bureau's attention, inasmuch as the Director is entitled to and must have information of this type.

Tully was also advised that, in carrying out ^{our} responsibilities, we must be doubly careful to protect our informants from disclosure; that with regard to information coming from our informants we have the duty of protecting the informant and yet disseminating the information, and this sometimes becomes difficult, particularly as the Ku Klux Klan and the Communist Party are attempting to discover our informants.

With regard to bomb threats regarding airplanes, I told Tully of the tendency of some US Attorneys to treat these threats lightly; that even though the statement was made in jest the Bureau feels these cases should be handled vigorously, and in the event the US Attorney is not inclined to do this we are forcing the issue with the Department. I suggested he bear this in mind in handling such cases.

REC-135

67-211900-284

I called attention to the matter of surveillances of individuals who have been convicted and may attempt to flee the country, pointing out that while essentially such individuals are under the jurisdiction of the courts, the public tends to blame the FBI if they flee; consequently each case must be judged on its merits and if there is any question at all the field should take the matter up with the Bureau in order that the Bureau's interests can best be protected.

Tully was advised that he should immediately contact the Bureau making appropriate recommendations, in the event a US Attorney or Departmental attorney requested action which raised a question in his mind; that the record must be clearly made, particularly in such matters as civil rights and election law cases, where the Bureau insists on a written request from the Department, and our agents, in conducting investigations, make it clear that the investigation is

at the request of the AG. I pointed out that the Bureau will be subject to criticism by the public unless we make the record absolutely clear, and I had noted no particular tendency on the part of the Department or anyone else to back up the Bureau in these circumstances.

I stressed to Mr. Tully the necessity for being very careful about interviews outside regular working hours, pointing out that in fugitive cases or hot criminal cases we will go ahead regardless of the time; however, in antitrust, civil matters, et cetera, where time is not of the essence, we must not subject the Bureau to criticism by conducting interviews at unusual hours.

Tully was advised that we have recently had at least three instances of agents talking too much to informants or contacts, resulting in reports coming back to the Bureau indicating some of our most important operations have been endangered. I advised him it is absolutely fundamental, in any investigation, that agents refrain from giving out information, and the Bureau intends to see that this policy is followed, as otherwise our reputation and ability to produce will be compromised.

In closing, I stressed the fact that in making decisions and taking a course of action, Tully must look ahead, beyond the immediate problem, so that in solving one problem he would not be creating a more severe one.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. Dear Mr. Tully:

I am pleased to commend, through you, the agents in the Mobile Office who assisted in such a capable fashion in the apprehension of Identification Order Fugitive Leo Giudice, the subject of an Interstate Transportation of Stolen Property case.

These men handled their individual responsibilities with alertness and thoroughness and their teamwork was certainly exemplary. As a direct result of their competence and ability to handle such an assignment, Giudice was recognized and taken into custody without incident. I want you to convey to these agents my sincere appreciation for a job well done.

In continuing my employment in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that I will be governed by the following provisions.

1. That the strictly confidential character of any and all information secured by me or coming to my attention in connection, directly or indirectly, with my work as an employee of this Bureau, or the work of other employees of which I may become cognizant, is fully understood by me; and that neither during my tenure of service with the Federal Bureau of Investigation, nor at any time, will I violate this confidence nor will I divulge any information of any kind or character whatsoever that may become known to me to persons not officially entitled thereto, recognizing applicability to me of penalty provisions in case of any violation by me.
2. That information referred to in Item 1 above includes but is by no means limited to information in the interests of the defense of the United States marked "Top Secret," "Secret," or "Confidential," and that Department of Justice regulations provide specifically for penalty applicable to me for any violation of Executive Order 10501, the basic authority for safeguarding such information, as follows: "Any officer or employee who violates any provision of Executive Order No. 10501, as amended, or of these regulations shall be subject to appropriate disciplinary action. Prompt and stringent administrative action shall be taken against any officer or employee determined to have been knowingly responsible for any release or disclosure of classified defense information or material except in the manner authorized by these regulations. Whenever a violation of criminal statutes may be involved in a deliberate unauthorized release or disclosure of classified defense information, criminal prosecution, in an appropriate case, shall also be instituted."

I further certify that the conditions specified herein are agreeable to me, and that I continue as an employee of the Federal Bureau of Investigation with a full knowledge of the conditions above set forth.

Dear Mr. Tully:

During 1962, Field participation in radio and television activities has been, for the most part, encouraging. The majority of Special Agents in Charge, aware of the importance of fully using these communications media to better fulfill their investigative and other responsibilities, have stepped up the tempo of such activities.

Data available to the Bureau reflects that your office does not compare favorably with other Divisions with regard to television appearances. I cannot stress too strongly the importance of presenting the FBI's story on television and want you to make every effort to improve your performance in this area during 1963.

Mr. Edwin R. Tully
Federal Bureau of Investigation
Mobile, Alabama

Dear Mr. Tully:

The results of the recent inspection of the Mobile Office have been carefully reviewed and evaluated. The various phases of the operations are being rated as follows: Physical Condition and Maintenance, Investigative Operations, Administrative Operations and Contacts - Very Good; and Personnel Matters - Good.

The space occupied by your office was found to be neat, orderly and efficiently used, but overcrowded. You should closely follow with General Services Administration regarding the 3,102 square feet of additional space to be made available to your office to insure that it is obtained at the earliest possible time. Your repair costs for automobiles must be carefully watched so they will be kept at the lowest possible level. You must continue your efforts to acquire suitable automotive storage facilities in the Resident Agencies at Opelika and Union Springs, Alabama.

Your statistical accomplishments for the first nine months of the current fiscal year reflect a decrease in automobiles recovered. It is expected immediate action will be taken by you to exceed your accomplishments during the remainder of the current fiscal year in this category.

Mr. Edwin R. Tully

Although you have been successful in solving the three bank robberies in your office since the last inspection, the failure to solve five other Bank Robbery Statute violations indicates a definite need for improvement in the investigation and supervision of these cases. They must be approached with imagination and vigor on a continuing basis.

Substantive errors are an indication of investigative and administrative weaknesses. It is, therefore, necessary that positive steps be taken by you to prevent a recurrence of the two errors detected during the recent inspection of your office. Your Criminal Informant and Racial Informant Programs were rated very good. Racial matters must continue to receive your close personal supervision to insure that the Bureau is kept promptly advised of all important developments in this field. Personnel of your office must be impressed with the necessity of meeting fugitive deadlines since it was noted the number missed was above the field average.

The Chief Clerk's Office was found to be operating very efficiently and it was encouraging to note the stenographic production is high. Case closings per agent are above average. I noted, however, the number of errors of form found in the files was above average. These errors must be reduced through careful supervision and adequate training of your employees.

Positive steps must be taken to reduce the travel and communications costs. Accuracy must be stressed to the employees utilizing the Number Three (Locator) Cards and Daily Reports and close supervision must be given to these matters to make certain complete accuracy is achieved at all times. The high number of errors detected in the Daily Reports of one agent is inexcusable and it is expected such a situation will not occur again in your office.

All employees required to take the Inspector's examinations received passing grades. The morale in the office was found to be excellent. Your Special Agent and Clerical Recruiting Programs have been considerably lagging. I must insist that this most important phase of the Bureau's operations receive your close personal attention to insure the Bureau obtains qualified applicants.

Mr. Edwin R. Tully

It has been noted you have not met all of the contacts who are in a position to render services to your office. You should make certain you meet them promptly and continually re-evaluate all of them to insure they merit retention. As instructed by the Inspector, you should intensify your efforts to schedule Command-Level Police Training Schools in the Mobile territory. It is always pleasing to learn that persons contacted by the Inspector have a high regard for the Bureau and your office.

The findings and instructions contained in the Inspector's report and work papers left with you should be carefully reviewed and thoroughly studied by you and the Assistant Special Agent in Charge. Necessary corrective action should be taken promptly and the Bureau advised within thirty days that this has been done.

Sincerely yours,

John Edgar Hoover

INSPECTION - MOBILE OFFICE
R. E. GEBHARDT, INSPECTION STAFF
MARCH 27 - APRIL 11, 1963

SYNOPSIS

Officials: Edwin R. Tully, SAC since 9/16/62; Richard G. Held, SAC 8/2/60 - 9/21/62. Thomas J. Jordan, ASAC since 3/29/59. Last Inspection: 7/11-20/62.

Physical Condition and Maintenance - Very Good. (Last inspection - good.) Space neat and efficiently used, but crowded. Plans approved for additional space to be made available by General Services Administration in Fall, 1963. SAC instructed to closely follow. Minor housekeeping delinquencies corrected. No safety defects in 11 cars inspected. Average repair costs per mile same and operating costs below field average. No garage space in 2 Resident Agencies - SAC instructed to continue efforts to obtain.

Investigative Operations - Very Good. (Last inspection - very good.) Case load 4/1/63, 1031 (960 active). Case delinquency low. 2 substantive errors detected - above field average. 3 bank robberies since last inspection solved. 4 pending bank burglaries and 1 pending bank larceny unsolved - SAC instructed to pursue vigorously. Up in 3 statistical categories for first 9 months fiscal year 1963 - down in automobiles recovered (-12%). Improvement ordered. Criminal and Racial Informant Programs - very good. Fugitive deadlines missed above, applicant deadlines missed below field average. No civil rights deadlines missed.

Administrative Operations - Very Good. (Last inspection - good.) Chief Clerk's Office operating very efficiently. Stenographic production high. Cases closed per agent and case load per agent above field average. Errors of form above field average. Per diem costs - low; travel and communications costs - high. Economy stressed. Errors in No. 3 (Locator) Cards increased and errors in Daily Reports decreased since last inspection (fringe not affected). 1 agent had excessive number of errors in Daily Reports due to gross carelessness - detected by SAC prior to inspection (handled separately).

Personnel Matters - Good. (Last inspection - good.) All available personnel passed examinations. Morale excellent. Clerk-Agent ratio 58%. Special Agent complement of 41 considered excessive by 2 (handled separately). Overtime is

necessary, productive and equitably shared. Agent and clerical recruitment considerably below quota - instructed to intensify efforts. 1 overweight agent on probation - reducing program showing results. 1 agent on limited duty not receiving fringe benefits - justified.

Contacts - Very Good. (Last inspection - very good.) 32 SAC Contacts (34 last inspection). Since last inspection SAC has deleted 3 and added 1. 8 not known to SAC due to location and unavailability - efforts made by SAC to contact. Instructed to contact promptly. 51 speeches in 1962 (52 in 1961). 24 active National Academy Associates (27 last inspection). Police training program very good - SAC instructed to intensify efforts to schedule Command-Level Police Schools. Press - radio - TV relations favorable. Persons contacted spoke highly of Director, Bureau and Office.

RECOMMENDATIONS: (1) SAC Edwin R. Tully, GS-15 @ \$14,565, at Mobile since 9/16/62 (first office as SAC). Tully makes an excellent, mature personal appearance, has respect of personnel and has firmly grasped the responsibilities of an SAC in an excellent fashion. Exhibits intense interest and enthusiasm for work. 1 substantive error detected on his desk involving incomplete reporting - did not affect merits of case and censure not warranted. Prior to inspection Tully detected numerous errors in Daily Reports of Resident Agent; Inspector detected additional errors indicating gross carelessness on part of Resident Agent. Administrative action for Tully does not appear warranted. Recommend Tully continue as SAC. If approved, attached letter summarizing inspection findings should go forward.

(2) ASAC Thomas J. Jordan, GS-14 @ \$14,120, at Mobile since 3/29/59 (third office as ASAC). Jordan has average personal appearance and is a dedicated, loyal employee; has a thorough knowledge of the operations of a field office due to his experience. He has a desire to advance in the Bureau's service. His personality, demeanor and appearance do not indicate he has outstanding potential at this time as SAC material. 1 substantive error detected on his desk involving failure to confirm Assistant United States Attorney's opinion within 5 working days - error primarily responsibility of agent and not readily detectable by supervisor, therefore, no censure recommended. Recommend Jordan continue as ASAC.

Memo for Mr. Tolson
Re: Inspection - Mobile Office

PHYSICAL CONDITION AND MAINTENANCE VERY GOOD

Office space is neat, orderly and efficiently used, but is overcrowded. Bureau has approved plans for 3,102 square feet of additional space to be made available by General Services Administration in the Fall of 1963. SAC instructed to closely follow. Minor housekeeping delinquencies ordered corrected. 11 automobiles inspected, minor delinquencies noted - none affecting safety. Average cost to repair Bureau cars per mile \$.014 (field average \$.014). Average cost to operate cars \$.058 (field average \$.065). No garage facilities for Bureau cars in 2 resident agencies. SAC instructed to continue efforts to obtain suitable space.

INVESTIGATIVE OPERATIONS VERY GOOD

As of 4/1/63 number of pending matters was 1,031 (960 pending active and 71 inactive). Case delinquency 2.0% (field average 3/1/63 - 4.7%). 2 substantive errors detected in 505 files reviewed for.. 396% (field average .29%). 1 error pertained to incomplete reporting and the second error concerned failure to confirm Assistant United States Attorney's opinion within 5 working days (handled separately). Since last inspection 3 bank robberies occurred - all solved. 4 bank burglaries and 1 bank larceny pending unsolved. SAC instructed to intensify efforts to solve. At end of first 9 months of fiscal year 1963, office up in convictions +5%; fines, savings and recoveries +55%; fugitives +6% - down in automobiles recovered -12%. Improvement ordered in automobiles recovered. Criminal Informant and Racial Informant Programs rated very good. Applicant deadlines missed - 2.04% (field average 4.98%). Missed fugitive deadlines - 5.33% (field average 3.92%). SAC instructed to give closer supervision. No civil rights deadlines missed.

ADMINISTRATIVE OPERATIONS VERY GOOD

Chief Clerk's Office operating very efficiently. 13 of 3400 index cards checked misfiled for .38% (average for comparable size offices .37%). Stenographic production of 4.37 pages per hour high (comparable size offices 4.02). Average number of cases closed per agent for February, 1963 - 13.5 (field average 10.4). Average pending active case load per agent 3/1/63 - 26.6 (field average 21.7). Errors of form 5.9% (field average 4.6%). Per diem

Memo for Mr. Tolson
Re: Inspection - Mobile Office

costs below, travel and communications costs above base figures - economy stressed. Errors in No. 3 (Locator) Cards 6.7% (3.8% last inspection). Errors in Daily Reports 7.3% (16.8% last inspection). Fringe not affected. One agent had excessive number of errors in Daily Reports when compared with case files - due to gross carelessness; detected by SAC prior to inspection (handled separately).

PERSONNEL MATTERS GOOD

All available personnel passed examinations. Morale considered excellent. 41 agents and 24 clerks assigned 4/1/63 for Clerk-Agent ratio of 58%. Agent complement considered excessive by 2 (handled separately). Voluntary overtime for 3 months - 2'21" - necessary, productive and equitably shared. First 3 months 1963 had clerical quota of 18 - 4 recruited. No agent applicants recruited first 3 months 1963. SAC instructed to intensify efforts. One overweight agent on probation - not within desirable limits but reducing program showing results. One agent on limited duty not receiving fringe benefits - has uncorrectible physical handicap - justified.

CONTACTS VERY GOOD

Mobile has 32 SAC Contacts (34 last inspection). Since last inspection present SAC has deleted 3 nonproductive contacts and added 1. 8 not known to present SAC due to location and unavailability. Efforts made by SAC to contact. Instructed to contact promptly and if services not utilized, to delete. 51 speeches in 1961 (52 in 1962). 10 speeches first 2 months 1963. Speeches being given throughout territory before quality groups. 24 active National Academy Associates (27 last inspection). Police training program very good. No Command-Level Police Schools held or scheduled. SAC instructed to intensify efforts to schedule. Press - radio - TV relations favorable. Persons contacted spoke highly of Director, Bureau and Mobile Office.

Mr. Edwin R. Tully
Federal Bureau of Investigation
Mobile, Alabama

Dear Mr. Tully:

Bureau records disclose that during June, 1963, the average daily overtime performed by Agent personnel of your office was 2 hours and 44 minutes. This is substantially above the minimum daily average of 1 hour and 12 minutes necessary to qualify for premium pay benefits.

Offices having comparable work loads and personnel have succeeded in reducing their overtime average to approximately 2 hours per day, including the minimum required under the Fringe Benefits Act, and it is felt your office should be able to effect a similar reduction.

You are, of course, aware of the Bureau's long-standing and frequently stated policy that all overtime must be essential, productive and equitably shared. You will be expected to take whatever action is necessary to effect a reduction in the overtime average of your office, consistent with the proper discharging of your responsibilities.

Sincerely yours,

J. Edgar Hoover

By separate memorandum it has been recommended that SAC Thomas J. Jenkins, Baltimore Office, be transferred to serve as SAC in the Boston Office if SAC Powers of the Boston Office submits a request for retirement. If this should occur, it will be necessary to replace SAC Jenkins in Baltimore. It is recommended that SAC Edwin R. Tully, presently assigned to the Mobile Office, then be considered for transfer to serve as SAC at Baltimore at no change in grade or salary. Since SAC Tully had his last physical examination on 8/27/62, no action should be taken concerning this recommendation until it is ascertained that he plans to continue to make the Bureau his career and the results of a current physical examination are satisfactory.

SAC Edwin R. Tully entered on duty as a Special Agent 1/4/43, is in Grade GS-15, \$15,045 per year, 43 years old, married with four children, has a B.S. Degree, attended law school and was born in Brooklyn, New York. Tully served as ASAC in the Cincinnati Office from 7/28/60 until 7/9/61 when he was transferred to the Seat of Government to perform duties as Inspector in the Training and Inspection Division. He served as an Inspector until 9/16/62 when he assumed duties as SAC in the Mobile Office. Since being assigned to Mobile, he has not been censured. He was congratulated on 7/16/63 for the fine record achieved by the Mobile Office during Fiscal Year 1963 wherein the office exceeded in all categories its accomplishments of the prior year. The Mobile Office was last inspected in March and April, 1963, when it received the following ratings: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Contacts - Very Good; Personnel Matters - Good. The Inspector commented at that time that Tully made an excellent, mature personal appearance, had respect of personnel and had firmly grasped the responsibilities of an SAC in an excellent fashion. He exhibited intense interest and enthusiasm for work. He was last seen by the Director on 9/5/62 and the Director stated Tully made an excellent personal appearance, seemed to be enthusiastic about his new assignment and the Director rated him above average. As of 6/30/63 the Mobile Office was up in all four statistical categories for Fiscal Year 1963 as compared to Fiscal Year 1962; namely, up 3% in convictions, up 59% in fines, savings and recoveries, up 7% in fugitives apprehended and up 2% in automobiles recovered. As of 6/30/63 the Mobile Office had 940 active matters pending with 39 Agents assigned while the Baltimore Office had 2,804 active matters pending with 95 Agents assigned. For the past six months Tully's overtime has averaged substantially over 2 hours per day. His weight is within satisfactory limits.

Mr. Edwin R. Tully
Federal Bureau of Investigation
Mobile, Alabama

Dear Mr. Tully:

Your headquarters are changed from **Mobile, Alabama,** to **Baltimore, Maryland, as Special Agent in Charge,** effective upon your arrival there on or after this date. This change is made for official reasons and you will be allowed transportation expenses and per diem at the rate of \$16.00 per day within the U. S., \$6.00 per day for air travel, rail travel, and ocean travel by steamship outside the continental limits of the U.S., transportation expenses for your immediate family, and transportation cost of household goods and personal effects as provided for in Public Law 600 dated August 2, 1946, and Executive Order 9805, dated November 25, 1946, as amended. You are authorized to use your privately owned automobile and you will be reimbursed at the rate of ten cents per mile plus incidental expenses, not to exceed the cost by common carrier over the most direct route for all persons officially traveling therein. Should your dependents travel separate and apart from you, expenses will be allowed under the same conditions as above. **Expedite transfer and advise within 48 hours departure and arrival dates.**

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

Dear Mr. Tully:

I am pleased to commend, through you, personnel in the Baltimore Division who were responsible for the planning and success of the third annual "Steak Out."

Everyone who worked on this project displayed a high degree of enthusiasm and interest, thus contributing to the effectiveness of the entire affair. I know that numerous details had to be taken care of and the fine results realized have certainly enhanced the prestige of the FBI in the Baltimore area. I want you to convey my appreciation to those who assisted.

Dear Mr. Tully:

Participating agents in the Baltimore Division played an important part relative to the investigation of the Interstate Transportation in Aid of Racketeering case involving [redacted] and others and I am pleased to commend them, through you.

The success achieved in this matter can be attributed in no small degree to the determination, skill and thoroughness with which these men discharged their duties during the raid, resulting in the apprehension of two of the subjects and the recovery of much evidence. I do not want the occasion to pass without expressing my sincere appreciation to these men for their excellent contributions.

MEMORANDUM TO MR. TOLSON

On October 28, 1963, I saw Special Agent in Charge Edwin R. Tully of the Baltimore Office, who was attending two-day conferences. Mr. Tully makes a substantial personal appearance, seems intensely interested in his work, and I would rate him above average. I had not seen him since he became Special Agent in Charge of the Baltimore Office in August of this year.

I called his attention to the fact that there are a substantial number of cases in excess of 7% delinquency; that prompt steps should be taken by him to correct this condition.

I also called to his attention that the accomplishments had dropped 39% in convictions obtained for the first three months of this fiscal year as compared with the comparable period of the last fiscal year, and he should take steps to correct this unhealthy trend.

I told him that I noted the agents in Baltimore were spending 13.9% of their time in the office in September; that I considered this to be slightly excessive and effort should be made to reduce the time spent in office.

I told him that I noted that the agents in September had put in 2 hours 32 minutes a day overtime; that I was most desirous of trying to keep the overtime down not to exceed 2 hours a day, but of course in cases of emergency such as gambling and bank robbery cases that it was necessary to put in more time.

I stressed to him the imperative necessity of having adequate coverage of the racial situation in the field division in view of the activities of various racial groups in the Baltimore Division.

I called to his attention that there were 6 unsolved bank robberies and 2 unsolved bank larcenies in the Baltimore Field Division and steps should be taken promptly to bring about solution of the same.

Memorandum to Mr. Tolson

November 7, 1963

I told him I noted the Baltimore Office had recruited 11 new agents in 1963 and I thought this was a creditable representation of the agents of the Baltimore Office in this field.

I stressed the necessity of intensifying the criminal intelligence program, particularly in view of the crime conditions existing in Maryland and the adjacent areas such as the District of Columbia and Virginia.

Very truly yours,

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

I am pleased to commend, through you, the agents in the Baltimore Division who participated so ably in the investigation and apprehension of Charles Francis Jones, the subject of an Extortion case.

These men handled their duties in the best traditions of the Bureau, displaying much enthusiasm and teamwork. The success realized in the apprehension of Jones without incident can be attributed in no small measure to the fine manner in which these men performed. Please convey to all who contributed my appreciation for a job well done.

Sincerely yours,

Dear Mr. Tully:

According to Bureau records the daily overtime average of the Baltimore Office was 2 hours and 34 minutes in October. This is an increase over the figure of 2 hours and 32 minutes in September. You should give this your personal attention, and, if at all possible, reduce the overtime performance in the office, consistent with the necessary carrying out of the office responsibilities.

Sincerely yours,

The competent manner in which a confidential source, who furnished pertinent information, was handled was particularly noteworthy and largely responsible for the success achieved in the arrest of these two individuals. The apprehension itself was carried out with resourcefulness and aggressiveness and was a credit to those participating. I want to thank you for your fine leadership and ask you to convey my appreciation to the agents who assisted.

Dear Mr. Tully:

A survey of the clerical recruitment program for Seat of Government reveals that during the month of November your office failed to meet its assigned quota. You should immediately assign sufficient agent personnel to work exclusively on clerical recruitment for Seat of Government so that our needs for the remainder of the fiscal year will be met. Comment specifically on steps taken to implement this instruction in your forthcoming report of December 29, 1963, concerning steps being taken to meet our existing needs.

You will be expected to comply fully with your responsibilities in connection with this vital program, and failure on the part of your office will not be tolerated and will result in severe administrative action.

Very truly yours,

J. Edgar Hoover

INSPECTION - BALTIMORE DIVISION
INSPECTOR R. M. MURPHY
NOVEMBER 17 - 30, 1963

SYNOPSIS

Officials: Edwin R. Tully, SAC since 8/19/63 (Thomas J. Jenkins, prior SAC); George W. Hall, ASAC since 1/14/63 (Robert J. Lally, prior ASAC). Last inspection: 10/29/62 - 11/3/62.

Physical Condition and Maintenance - Very Good (Last inspection - Good). Office conveniently located in U. S. Post Office Building, downtown Baltimore. Space secure, newly painted; new tile floors being installed; new reception room completed greatly enhancing office appearance. Minor housekeeping delinquencies noted and ordered corrected. 54 of 76 cars inspected, no delinquencies pertaining to safety noted. Automobile repair costs per mile and operating costs per mile below Bureau average. Car fleet secure, adequate, but not excessive. Survey ordered in effort to locate garage facilities in closer proximity to Silver Spring and Hyattsville Resident Agencies.

Investigative Operations - Very Good (Last inspection - Very Good). Case load 10/31/63, 3168 pending matters (2964 active). Investigative delinquency 9.6%, low. Accomplishments fiscal year 1963 up in all categories; and up in 3 of 4 categories first 6 months current fiscal year (convictions -30%; fines, savings and recoveries +117%; fugitives apprehended +8%; autos recovered +31%). U. S. Attorney recently resigned leaving substantial backlog of cases pending prosecution; SAC instructed to follow closely. Five substantive errors detected in 1408 files reviewed or 0.43% - high. Improvement stresses and administrative action handled separately. Missed applicant deadlines equals field average. Missed fugitive deadlines high; SAC instructed to reduce. 11 of 24 bank robberies occurring since last inspection solved (45.8% solution) and none of 4 bank robbery matters pending last inspection solved. Two of 5 bank burglaries and none of 2 bank larcenies received since last inspection solved. Positive action ordered to improve bank robbery picture. Security Informant and Criminal Informant Programs very good. Criminal Intelligence Program excellent.

Memo for Mr. Tolson
Re: Inspection - Baltimore Division

Administrative Operations - Very Good (Last inspection - Good). Distribution of work load and responsibility equitably shared by SAC, ASAC and 4 supervisors. No errors detected affecting fringe benefits. Time in office 13.7% (field average 14.3%). Form errors 4.19% (field average 4.60%). Case closings per Agent for October, 1963, averaged 23.2; when adjusted to eliminate simple Social Security record check cases, 18.4 (field average 11.9). Average case load per Agent October, 1963, 34.5; when adjusted to eliminate simple Social Security record check cases 26.0 (field average 22.0). Stenographic production slightly below average. Chief Clerk's Office functioning satisfactorily. Communications and travel costs, while high due to major cases, show decided improvement over last inspection. Economy stressed.

Personnel Matters - Very Good (Last inspection - Very Good). Total personnel 185 (96 Agents, 89 clerks). Clerk-Agent ratio 92.7%, above field average - justified due to number of investigative clerks in Agent-saving work. Inspector made detailed analysis of utilization of investigative clerks. In two Resident Agencies work load appeared low, survey ordered to determine if duties could be consolidated or eliminated. No examination failures. Voluntary overtime productive, unscheduled and equitably shared. Limited duty of three Agents justified. No Agents overweight. One Agent unavailable due to serious illness of his children. Clerical recruitment below quota. SAC instructed to intensify. Agent recruitment above quota. Morale appears high.

Contacts - Very Good (Last inspection - Very Good). 18 SAC contacts furnishing quality services of diversified nature, same number as last inspection. Speech program effective. Press relations favorable; 4 SAC contacts among leading newspapers of division. SAC has instituted aggressive program to increase radio and television coverage which had been previously lagging. National Academy and Police Training Programs active, effective. Director and FBI highly regarded throughout division.

RECOMMENDATIONS

1. SAC Edwin R. Tully, GS-15 @ \$15,045 per annum, nonveteran, not on probation, at Baltimore since 8/19/63 (second office as SAC). He makes an excellent appearance, is personable, alert and intelligent. He has approached his new assignment with vigor and enthusiasm and has taken firm grasp of his increased responsibilities. Recommend Tully continue as SAC. If approved, attached letter summarizing inspection should be forwarded.

Memo for Mr. Tolson

Re: Inspection - Baltimore Division

2. ASAC George W. Hall, GS-15 @ \$15,525, nonveteran, not on probation, at Baltimore since 1/14/63 (second office as ASAC). He makes a very good appearance, has an affable personality and creates a favorable over-all impression. He is energetic, conscientious and a fine team worker. He is developing favorably as an ASAC of a large office and it is recommended that he be continued in his present assignment.

3. Recommendations concerning other personnel handled separately.

Memo for Mr. Tolson
Re: Inspection - Baltimore Division

4.19% (field average 4.00%); more accuracy stressed. Time in office 13.7% (field average 14.3%). Stenographic production 3.70 pages per hour, lower than average for offices of comparable size (3.89 pages per hour). Typist production 3.75 pages per hour, higher than average for offices of comparable size (3.53 pages per hour). 10 of 14 stenographers have less than one year of Bureau experience - training stressed. Chief Clerk's Office operating efficiently. Communications and travel costs high due to major cases; however, improved since last inspection - economy stressed.

PERSONNEL MATTERS VERY GOOD

All available personnel passed required examinations. No overweight Agents, one Agent unavailable due to serious illness of his children. Three Agents on limited duty (2 heart conditions and 1 eye trouble) - justified. Agents' voluntary overtime August, September, October - 2 hours, 37 minutes, equitable, productive and essential. Agent complement of 96 on 11/21/63 adequate but not excessive. Clerk-Agent ratio is 92.7% - above field average but justified with 13 clerks performing work in lieu of Agents. Inspector made detailed analysis of utilization of Investigative Clerks. In 2 Resident Agencies where work load appeared low - survey ordered to determine if Investigative Clerks' duties could be consolidated or possibly eliminated. Special Agent applicant recruitment (15) above quota. Clerical recruitment (43) below quota. Baltimore Office received 37 commendations, 19 incentive awards and 10 quality increases during fiscal year 1963 and first four months of current fiscal year.

CONTACTS VERY GOOD

Office currently has 13 SAC contacts, equal to last inspection. Current SAC has met 8 and is continuing efforts to meet remainder. SAC as well as ASAC instructed to meet all SAC contacts at earliest opportunity. Services being provided are of high quality and well diversified among newspapers, radio and television, hotel, advertising, business and banking. Speech program effective with 142 speeches before varied and responsible groups as of September of this year. Press relations favorable; 4 SAC contacts among leading newspapers in Division.

SAC has instituted aggressive program to increase radio and television coverage which had been previously lagging.

FBI National Academy Program active with 60 associates in 17 departments. Police Training Program active, effective, well publicized. Police relations generally good throughout Division. Officials contacted expressed high regard for Director, FBI and personnel of Baltimore Office.

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

DETAILS

PHYSICAL CONDITION AND MAINTENANCE VERY GOOD

PERSONAL ATTENTION

**Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland**

Dear Mr. Tully:

I have reviewed the results of the recent inspection of the Baltimore Office and, based on the Inspector's findings, I have approved the following ratings for your operations: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, Personnel Matters and Contacts - Very Good.

Your headquarters and resident agency space was found to be secure, adequate and generally well maintained. The housekeeping delinquencies noted should be promptly corrected and you should emphasize that all employees must share in this responsibility. I was pleased to note that since the last inspection the reception room of the Baltimore Office has been completely renovated, improving the over-all impression of your office and that further improvements are currently under way throughout your headquarters space. In accordance with instructions received during the inspection, you should advise the Bureau of your efforts to locate garage facilities in closer proximity to the Silver Spring and Hyattsville Resident Agencies when this survey is completed.

Accomplishments for your office for fiscal year 1963 were up in all four categories and you have also shown substantial increases in three of the four categories during the first five months of the current fiscal year. However, your present deficit in convictions demands your close attention. Although the U. S. Attorney, Baltimore, has recently resigned, I shall expect you to follow representatives of that office to insure that the sizeable number of cases presently awaiting prosecution are brought to a logical conclusion at the earliest possible date.

DUPLICATE YELLOW

See Note Page Three.

Mr. Edwin R. Tully

The five substantive errors detected in your files and the high percentage of missed fugitive deadlines demand your close personal efforts to tighten up your investigative operations. You should impress all investigative and supervisory personnel with the need for eliminating all possible errors and deficiencies in their work. The record of the Baltimore Office in its solution of bank robbery violations leaves much to be desired. Positive and aggressive action must be taken by you immediately to effect a decided improvement in these matters.

Your Security and Criminal Informant Programs were both rated very good and you have also increased your coverage in the Criminal Intelligence field. All of these are encouraging since these programs are so vital to our work.

The effective manner in which your Chief Clerk's Office is operating and the above-average case closings are noteworthy, but you should intensify your training program of new stenographic personnel to improve the stenographic production of your office. Strict attention must be paid to your communications and travel costs to keep them as low as possible, consistent with your obligations and with our continuing need to observe the strictest economy in our operations. In line with economy, I expect you to closely evaluate the use of investigative clerks in certain of your resident agencies and promptly advise the Bureau of the results of the survey ordered by the Inspector upon its completion. Your clerical recruiting program failed to meet the established quota. This must receive special emphasis from you and a concerted effort should be made by your office to meet this quota in the future.

I appreciate the manner in which you have initiated an aggressive program regarding radio and television coverage in your territory. Continue your effective speech program and your efforts to expand your activities in the news media field. Likewise, you should continue to foster the excellent relationship your office has established with other law enforcement groups and individuals in the interest of mutual cooperation.

Mr. Edwin R. Tully

You and the Assistant Special Agent in Charge must carefully study the inspection findings and inform the Bureau of the corrective action taken within thirty days of receipt of this letter.

Sincerely yours,

**John Edgar Hoover
Director**

Dear Mr. Hoover:

On February 12, 1964, Inspector Edward C. Kemper addressed the Exchange Club in Baltimore, Maryland. The Commissioner of Police, the President of the City Council, heads of Federal agencies and representatives of law enforcement groups were present. Mr. Kemper's talk on crime and its causes was excellent, and he utilized to great advantage many quotes from your speeches and articles on crime as well as FBI facts and figures.

Mr. Kemper received a standing ovation at the end of his speech and I heard nothing but laudatory comments during the remainder of the evening.

I thought you would be interested in knowing what a wonderful impression Inspector Kemper made as a Bureau representative.

Hoping this letter finds you in excellent health.

Dear Mr. Tully:

It is noted that the daily average overtime of the Baltimore Office for January, 1964, was 2 hours and 59 minutes. This is an increase over the figure of 2 hours and 36 minutes in December. Every effort should be made to reduce the overtime average of your office and this matter should receive your personal attention.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

ACCIDENT INVOLVING BUCAR 63-297
1963 CHEVROLET, DRIVEN BY
SAC EDWIN R. TULLY, 2-28-64

About 12:10 p. m. on 2-28-64 SAC Tully, while operating Bucar on U. S. Route 40, was involved in an accident with a car owned and operated by

SAC Tully advised he was traveling east on Highway 40 about 1 1/2 miles east of Aberdeen, Maryland, about 50 mph (55 mph zone) when he saw a deer coming from the left about to cross over the roadway. He applied brakes on Bucar and after coming to an abrupt stop Bucar was struck in rear by third party's car. Weather was clear and road was dry.

Third party advised he was going about 50 mph and had pulled around another car to pass it on this dual lane highway when suddenly he ran into the rear of Bucar which had come to an abrupt stop in front of him. He stated he did not see the deer.

Accident investigated by Maryland State Police and third party charged with following too closely. Trial is set for 3-23-64.

Third party insured with United States Fidelity and Guaranty Company, to which company claim for damages to Bucar has been forwarded.

DAMAGES:

- 1) Bucar - \$112.26
- 2) Other car - \$200.00
- 3) Injuries - SAC Tully, slight

OBSERVATIONS AND RECOMMENDATION:

It is apparent that accident was caused by negligence of third party in following Bucar too closely and it is therefore recommended that:

- 1) SAC Tully not be held responsible for this accident.

Claim for repairs to Bucar submitted to third party's insurer will be aggressively followed.

Dear Mr. Tully:

A review of Bureau records discloses a failure on your part to meet your assigned quota with respect to the clerical recruitment program for Seat of Government during the period January through March, 1964. You have been advised on several occasions of the critical need existing for qualified employees and it is evident, therefore, that you have failed to recognize the imperative necessity of meeting your responsibilities.

Accordingly, I will expect you to take immediate steps to correct the above situation so that there will be no basis to again criticize you for a similar deficiency.

Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order), the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

EXECUTE IN DUPLICATE AND SUBMIT BOTH COPIES TO THE BUREAU.

Dear Mr. Tully:

According to Bureau records, the daily average over-
time of the Baltimore Office was 2 hours 33 minutes in May. This
is an increase over the previous month. You should follow this
closely and make every effort to achieve reduction consistent
with discharge of the office responsibilities.

Accomplishment figures for fiscal year 1964, in the criminal field reflected that the Bureau's accomplishments in convictions, fines, savings, and recoveries, fugitives apprehended, and automobiles recovered in cases investigated by the FBI show an increase over fiscal year 1963. An all-time high was obtained in fines, savings, and recoveries and in the automobiles recovered categories.

There were 12,921 convictions recorded in Bureau cases during the fiscal year 1964, as compared with 12,816 recorded in the fiscal year 1963, an increase of 1 per cent. During the fiscal year 1964, 19,856 automobiles were recovered in cases investigated by the FBI as compared with 19,192 recovered in 1963, an increase of 3 per cent. Fines, savings, and recoveries totaled \$210,771,402 which represents an 13 per cent increase over the fiscal year 1963 when fines, savings, and recoveries totaled \$186,225,348. We located 12,810 fugitives, an 8 per cent increase over the fiscal year 1963, when 11,887 fugitives were located.

From a conviction standpoint, all-time highs were recorded in the Crime on Government Reservation, bank robbery, and Federal Reserve Act classifications.

Twenty-six field offices equaled or improved their standing in all four categories in fiscal year 1964.

In addition, we handled 1,124,397 name checks and special memoranda in fiscal year 1964.

RE: ACCOMPLISHMENTS, FISCAL YEAR 1964

Although in the past we have sent individual letters to the SACS concerning the accomplishments of their offices, in view of the many demands being made at this time and in order to streamline our operations it is felt the same purpose would be served by sending one letter to all offices that equaled or surpassed last year's accomplishments in all categories and one letter to all offices that showed a decline in one or more categories. A copy will be placed in the Seat of Government (SOG) file for each office and the personnel file for each SAC.

RECOMMENDATIONS

1. That a letter be sent to the personal attention of the SACS in the 26 offices that equaled or showed an increase in all four categories pointing out the excellent job performed by the office and reiterating the necessity of continually striving to improve and surpass its previous record. A copy will be placed in the SOG file for each office and the personnel file for each SAC. A letter is attached for approval. (sent 7/15/64 to file) *RB*

2. That a letter be forwarded to the personal attention of the SACS in the offices showing a decline in one or more categories pointing out the necessity of making every effort to effect an immediate improvement and to show a record that will reflect favorably on the work of the office. A copy will be placed in the SOG file for each office and the personnel file for each SAC. A letter is attached for approval. (sent 7/15/64 to file) *RB*

PERSONAL ATTENTION

SUBJECT: ACCOMPLISHMENTS 1964

Edwin R. Tully

It was noted that during the past fiscal year the Albany Office and the offices receiving a copy of this letter showed a decline in one or more of the accomplishment categories.

We are now in the first month of Fiscal Year 1965, and in order to reverse this unfavorable picture immediate steps must be instituted. Many demands are being made upon the Bureau, and it is incumbent upon you to closely follow the work in your office to insure that all matters within the Bureau's investigative jurisdiction are promptly referred to your office for investigation. You are to closely follow to make sure that there is no delay in conducting investigation, presenting the facts to the appropriate U. S. Attorney, and insuring that the case is brought to its logical conclusion.

Your office will be closely followed to insure that every effort is being made to maintain or improve your record in those categories in which you exceeded last year's figures and to insure that there is an upward trend in the categories where you showed a decline.

DATE: 8/24/64

FROM : J. P. MOHR

SUBJECT: EDWIN R. TULLY
Special Agent in Charge
Baltimore Office
EOD as Special Agent 1/4/43
GS-15, \$17,600

Purpose of this memorandum is to recommend that SAC Edwin R. Tully of the Baltimore Office be promoted from Grade GS-15 to Grade GS-16.

SAC Tully entered on duty as a Special Agent 1/4/43, is in Grade GS-15, \$17,600, 44 years old, married with four children, has a Bachelor of Science Degree, and was born in Brooklyn, New York. Tully is serving in his second office as Special Agent in Charge. He initially served as Special Agent in Charge in the Mobile Office from 9/16/62 until 8/18/63 when he arrived in the Baltimore Office. Since serving as Special Agent in Charge in the Baltimore Office, Tully has not been censured and has been commended on one occasion, that being 2/11/64 for work in connection with the investigation and apprehension of the subject of a Bank Robbery case. The Baltimore Office was last inspected in November, 1963, and received the following ratings: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, Personnel Matters, and Contacts - all Very Good. The Inspector commented at that time that Tully made an excellent personal appearance, was personable, alert and intelligent. He had approached his new assignment with vigor and enthusiasm and taken firm grasp of his increased responsibilities. Tully was last seen by the Director on 10/28/63. The Director noted Tully made a substantial personal appearance, seemed intensely interested in his work, and the Director rated him above average. As of 7/31/64, the Baltimore Office had 98 Agents assigned with 2998 investigative matters pending. As of that same date, the Baltimore Office was up in all four statistical categories, namely, +92% in convictions, +283% in fines, savings and recoveries, +13% in fugitives apprehended, and +25% in automobiles recovered. Tully received his promotion to Grade GS-15 on 5/15/62 and, hence, is eligible to be considered for promotion to Grade 16 at this time, and a Grade GS-16 vacancy exists. Tully's weight and overtime are satisfactory.

RECOMMENDATION:

That SAC Edwin R. Tully of the Baltimore Office be promoted from Grade GS-15 to Grade GS-16.

INSPECTION - BALTIMORE DIVISION
INSPECTOR L. M. WALTERS
11/5 - 20/64

SYNOPSIS

Officials: Edwin R. Tully, SAC since 8/18/63; George W. Hall, ASAC since 1/13/63.
Last inspection: 11/17-30/63.

Physical Condition and Maintenance - Excellent (Last Inspection - Very Good). Office conveniently located downtown Federal building. Rearrangement of space since last inspection has achieved more efficient utilization; space excellently maintained. 11 Resident Agencies checked - satisfactory. Minor housekeeping delinquencies ordered corrected. 44 of 78 vehicles inspected - in very good condition, no safety defects. Fleet adequate, maintained securely, fully utilized; days lost to repairs low. Automobile repair costs and operating costs below Bureau averages.

Investigative Operations - Very Good (Last Inspection - Very Good). Case load 11/1/64, 3, 252 pending matters (3, 110 active). Delinquency consistently low (4.3% 11/1/64). Statistical accomplishments fiscal year 1964 up in 3 categories, down 10% in convictions; for first 4 months fiscal 1965, up in all 4 categories (+39% in convictions; +41% in fines, savings and recoveries; +9% in fugitives apprehended; and +22% in automobiles recovered). Security Informant Program and Criminal Informant Program both rated very good. Communist Party (CP) members (40) all identified; live informant coverage all CP levels, as well as front organizations. No active Klan or hate organizations and racial situation quiet. Criminal Intelligence Program centered primarily on gambling activities; 3 gambling cases under prosecution and 2 additional ones offer good prosecutive possibilities. Information supplied Internal Revenue Service on Baltimore's 2 top hoodlums led to convictions of both. Investigation of La Cosa Nostra has not been sufficiently penetrative and intensification of activities this area stressed. 19 of 36 bank robbery matters since last inspection solved as well as 7 of 12 unsolved cases pending at time of last inspection; 17 of these 26 solutions exclusively the result of FBI effort. Through 10/31/64, 22 bank robbery convictions (1 same period last year). Sustained and continuous investigation ordered on 19 unsolved violations. 4 substantive errors detected - 0.29% (field average - 0.34%). (Administrative action handled separately.) Missed fugitive and applicant deadlines below field averages; missed civil rights deadlines above.

Administrative Operations - Good (Last Inspection - Very Good). Baltimore is 6-desk office. Minor shifts of cases among desks proposed for more equitable distribution (handled separately). For first 10 months 1964, average number active cases per Agent

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

27.7 and cases closed per month 17.3, excluding record check cases handled by Investigative Clerks (current field averages 24.1 and 12.2, respectively). Minor errors found in Registers and Daily Reports; none affecting fringe benefits. Time in Office (TIO) averaged 14.5%; slightly above field average. TIO of Investigative Clerks assigned Resident Agencies high - ordered reduced. Stenographic and typist production slightly below field average; retyped pages low. Stenographic delinquency persisted each month past year - attributable principally to preponderance of newer employees; suggestions made for devices to alleviate and SAC instructed take other necessary steps to eliminate. Chief Clerk's Office well organized; functioning efficiently. Misfiled index cards below field average. Form errors 6.87% (field average 4.72%). Streamlining procedures in 4 separate types of operations instituted to reduce clerical work. Insufficient administrative controls existed to assure currency of telephone security checks; procedures instituted to correct. Travel, per diem and communications costs above Bureau base figures fiscal 1964; all well below thus far in fiscal 1965. Economy stressed. Reduction of 4 excess trunk telephone lines effected at annual savings \$244.80.

Personnel Matters - Good (Last Inspection - Very Good). Clerk-Agent ratio 91% (field average 64%). Agent personnel adequate, not excessive. Although higher than average clerical complement necessary, because of volume of name check cases, clerical personnel determined to be excessive by 2 (handled separately). No Agents overweight, unavailable or on probation; 4 on limited duty - justified. All available personnel passed examinations. SAC and ASAC providing on-the-spot supervision to major cases. Good recruiting record with 10 Agents and 107 clerical applicants recruited since last inspection. Voluntary overtime (2'37") productive, necessary and equitably shared. Morale appears high.

Contacts - Excellent (Last Inspection - Very Good). 16 SAC contacts all known to him. Since last inspection, SAC developed 1 and deleted 3 with 2 more under development. Contacts well dispersed, diversified and providing quality coverage. 120 speeches in 1963, 111 through first 10 months 1964. Marked improvement radio and television appearances with 45 thus far this year. SAC has weekly radio program and is planning additional regular radio and television programs. Active police training program includes SAC's service on Police Training Advisory Committee of Law Enforcement Institute and membership in Maryland Chiefs of Police Association. All persons met by Inspector and staff expressed high regard for Director, Bureau and Baltimore Office.

RECOMMENDATIONS:

1. SAC Edwin R. Tully, GS-16 @ \$18,935, not on probation, nonveteran, at Baltimore since 8/18/63, second office as SAC, 44 years of age. Tully makes an excellent appearance; is a dedicated, experienced executive; keeps fully abreast of all important matters in his office. He is considered well qualified to continue as SAC at Baltimore or to be considered for greater responsibilities elsewhere. Recommended attached letter advising of results of inspection be sent.

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

2. ASAC George W. Hall, GS-15 @ \$18,170, nonveteran, not on probation, at Baltimore since 1/13/63, second office as ASAC, 48 years of age. Hall makes an excellent appearance, is enthusiastic, vigorous, has a comprehensive grasp of his supervisory duties, and is a good teamworker. Hall is performing satisfactorily as ASAC and it is recommended he be continued in this capacity.

3. Recommendations concerning other personnel handled separately.

Re: Inspection - Baltimore Office

DETAILS

PHYSICAL CONDITION AND MAINTENANCE EXCELLENT

Office conveniently located in U. S. Post Office Building in downtown Baltimore. Space and furnishings adequate, secure, efficiently arranged and excellently maintained. Rearrangements of space since last inspection has accomplished more efficient utilization. 11 Resident Agencies, all with space, inspected and found to be well maintained. Minor housekeeping delinquencies in headquarters city and Resident Agency space ordered corrected. All Resident Agencies have storage facilities for automobiles. 44 of 78 automotive vehicles inspected; found to be generally in very good condition, no safety defects. Fleet adequate, maintained securely and fully utilized; days cars out of service for repairs low. Average repair costs per vehicle (\$109.00), repair cost per mile (\$.010) and operating cost per mile (\$.060) all below field averages (\$152.00, \$.013, and \$.062, respectively).

INVESTIGATIVE OPERATIONS VERY GOOD

Case load 11/1/64 was 3, 252 pending investigative matters with 3, 110 active, delinquency consistently low for past year (4. 3% as of 11/1/64). Statistical accomplishments fiscal year 1964 up in 3 categories, down 10% in convictions; for first 4 months fiscal 1965, up in all 4 categories (+39% in convictions; +41% in fines, savings and recoveries; +9% in fugitives apprehended; and +22% in automobiles recovered). Areas pinpointed where stress needs to be placed to maintain this record.

Communist Party (CP) membership estimated at 40, all positively identified. Security Informant Program rated very good with live informant coverage at all CP levels as well as within front organizations and organizational targets for infiltration. Coverage of Nation of Islam adequate. Racial situation in Baltimore territory presently quiet with no active Klan or hate organizations and former leader of racial unrest on Eastern Shore [redacted] departed from territory. 3 active liaison sources and 1 racial informant (probationary) provide coverage; expansion of coverage stressed.

Criminal Intelligence Program has been centered primarily on gambling activities throughout Baltimore territory. Substantial information developed on the two top hoodlums under investigation through productive misurs; information furnished Internal Revenue Service led to convictions of both. 3 gambling cases in varying stages of prosecution and 2 additional cases appear to have excellent prosecutive potential. 3 Top Echelon informants, one of whom excellent. Investigation of La Cosa Nostra has not been sufficiently penetrative and need for development of informants

emo for Mr. Tolson
Re: Inspection - Baltimore Office

and intensive investigation in this area stressed. Criminal Informant Program rated very good with marked increase in approved informants and potential informants since last inspection.

Of 36 bank robbery matters since last inspection, 19 solved (13 of 27 robberies, 2 of 3 burglaries and 4 of 6 larcenies). 7 of the 12 unsolved cases pending at time of last inspection solved. Of these 26 solutions (54% solution rate), 17 were exclusively the result of FBI effort. Thus far in fiscal 1965 (10/31/64), 22 bank robbery convictions compared to 1 at same point last year. Office instructed afford 19 unsolved cases intensive investigation. 4 substantive errors in 1,369 files reviewed, or 0.29% (field average 0.34%). Errors involved delayed and inadequate investigations, failure to open case and failure to return evidence to owner (administrative action handled separately). Missed fugitive and applicant deadlines below field average; missed civil rights deadlines above.

ADMINISTRATIVE OPERATIONS GOOD

Baltimore is a 6-desk office. Minor shifts of cases among 3 of the desks proposed to more equitably distribute case supervision; SAC concurred (handled separately). For first 10 months 1964, average number of active cases per Agent 27.7 and case closings per month 17.3, excluding record check cases (Social Security Administration and Fort Holabird) handled by Investigative Clerks (current field averages 24.1 and 12.2, respectively). Minor errors detected in Registers and Daily Reports; none affecting fringe benefits. Time in Office (TIO) for 3 months preceding inspection 14.5% (average of similar size offices 13.1%). TIO for Investigative Clerks assigned Resident Agencies high - ordered reduced. Instances of more sick leave taken than earned during last 6 months justified. Stenographic production (3.72 pages per hour) and typist production (3.71 pages per hour) below field averages (4.04 and 3.80, respectively); stenographic pages retyped 1.40% (field average 1.65%). Stenographic delinquency has persisted each month for past year despite steady production and normal absences; attributable principally to preponderance of newer employees. Limited decentralization of stenographers and typists established to achieve a more even flow of urgent dictation and of channelizing memoranda from informant reports. SAC instructed to take other necessary steps to eliminate stenographic delinquency. Chief Clerk's Office well organized and functioning efficiently. Misfiled index cards 0.38%, below field average of 0.41%. Form errors 6.87% (field average 4.72%). Insufficient administrative controls existed to assure currency of telephone security checks; appropriate procedures instituted to correct. Streamlining procedures instituted to reduce clerical work in (1) handling of applicant cases, (2) handling of name check cases at Social Security and Fort Holabird, (3) elimination of excess copies of communications and (4) procedures applicable to rotor files. For fiscal 1964, travel costs per Agent 15.3% above Bureau base figures, per diem costs 4.1% above and

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

communications costs 5.5% above. Thus far in fiscal 1965, these 3 cost elements below Bureau base by 31.6%, 40.4% and 5.1%, respectively. Economy stressed. Reduction of 4 excess trunk telephone lines effected achieving annual savings of \$244.80.

PERSONNEL MATTERS GOOD

As of 11/6/64, Baltimore had 96 Agents and 87 clerical employees for a clerk-Agent ratio of 91% (field average same date 64%). Agent personnel adequate, not excessive. Although higher than average complement of clerical personnel necessary because of name check cases handled by non-Agent personnel, analyses of pertinent factors disclosed clerical personnel excessive by 2 (handled separately). No Agents overweight, unavailable or on probation; 4 on limited duty (2 heart conditions, 1 eye cataracts and 1 toe amputation) - justified. Voluntary overtime (3-month average 2'37") necessary, productive and equitably shared. All available personnel passed required examinations. SAC and ASAC providing on-the-spot supervision to major cases. Record of commendations, incentive awards and quality salary increases has lagged behind offices of similar size. SAC instructed afford closer attention. Favorable record on suggestions submitted by employees. Good recruiting record since last inspection with 10 Agents and 107 clerical applicants recruited. Morale appears high.

CONTACTS EXCELLENT

SAC has 16 approved contacts, all of whom known to him. Since last inspection, 3 deleted (2 retirements and 1 nonproductive) and 1 developed with 2 others currently under development. Contacts well dispersed, diversified and providing quality coverage. Liaison in legislative circles good. 120 speeches made in 1963 and 111 through first 10 months of 1964 (92 by SAC). Marked improvement in radio and television appearances with 45 such appearances thus far this year. SAC has weekly radio program, has participated in 2 full half-hour shows (1 radio and 1 television) this year and is planning additional regular radio and television programs. 6 radio and 4 television stations use pre-recorded Bureau material and spot news releases. Press relations generally favorable. Active police training program includes SAC's service on Police Training Advisory Committee of Law Enforcement Institute and membership in Maryland Chiefs of Police Association. All persons met by Inspector and staff expressed high regard for Director, Bureau and Baltimore Office.

PERSONAL ATTENTION

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

After careful review of the findings of the recent inspection of the Baltimore Office, your operations have been rated as follows: Physical Condition and Maintenance and Contacts - Excellent; Investigative Operations - Very Good; Administrative Operations and Personnel Matters - Good.

Your office space, including that in the Resident Agencies, was excellently maintained. The efficient manner in which you have rearranged headquarters space since the last inspection for greater utilization and the apparent pride taken by employees of the Baltimore Office in their work space are gratifying. The high utilization and good condition of your automobile fleet and the low amount of time lost for repairs are commendable, as is the fact that both repair and operating costs are below Bureau averages.

It is pleasing to note that your statistical accomplishments for the first four months of fiscal year 1965 are up in all four categories. You must continue your efforts to maintain this good record throughout the year.

Your Security Informant Program and your Criminal Informant Program both are rated very good. Quality informants and full Agent participation in these programs are to be stressed. Although the racial situation in Baltimore's territory is now quiet, militant racial integrationist groups have been active within the past year and the likelihood of such activities in the future must be anticipated. Accordingly, you should consider of

Mr. Edwin R. Tully

paramount importance the expansion of your racial sources and the development of quality racial informants among the leadership of such groups.

While you have achieved good coverage and notable accomplishments with respect to the gambling elements within your territory, your Criminal Intelligence Program has not been sufficiently penetrative insofar as La Cosa Nostra is concerned and this phase of the program must receive your immediate personal attention to insure that vigorous, persistent and imaginative efforts are devoted thereto.

Your solutions of bank robbery matter violations have markedly improved since the last inspection of your office, but considerable room for improvement remains. You must afford sustained and continuous investigation to the nineteen unsolved cases in this category existing at the time of the inspection. Although the four substantive errors found are less than the field average, the nature of the errors indicates need for closer attention to detail by all employees and tighter over-all supervision. Your missed applicant and fugitive deadlines were below the field average, whereas missed civil rights deadlines were above. As you know, deadlines serve to increase effectiveness of prompt investigations as well as to meet Bureau responsibilities at the Seat of Government.

The minor realignment of certain cases between desks to correct an imbalance of supervisory responsibility over cases, as suggested by the Inspector, should be placed in effect at once with no necessity for a trial period. The high time spent in the office by Investigative Clerks assigned to Resident Agencies must be reduced and all personnel must be impressed with the need to reduce errors found in registers and daily reports.

Your Chief Clerk's Office was found to be operating efficiently. Misfiled index cards were below the field average but incidence of form errors was above and appropriate steps must be taken by all employees to reduce such errors. I have been concerned for some time by the persistent stenographic delinquency reported by your office. Your stenographic and typing production is only slightly below the field average and absences of stenographic employees are normal. While certain decentralization of typists and stenographers as proposed by Inspector may aid in alleviating this condition, you must give this delinquency problem your personal and unremitting attention to assure every possible step is taken to eliminate it.

Mr. Edwin R. Tully

I was pleased to note the reversal in the current fiscal year of last year's excess of travel, per diem and communications costs over Bureau base figures. You must continue to afford constant vigilance to achieve utmost economy in all phases of your operations. The excess of four telephone trunk lines found by the Inspector is a condition that should have been detected and corrected by the Baltimore Office.

The decrease in work load of the matters handled by Investigative Clerks at Fort Holabird, Maryland, plus the streamlining procedures within the Chief Clerk's Office established by Inspector justify the over-all reduction of your clerical complement by two and you are being separately advised as to the achievement of such reduction by the nonfilling of existing vacancies. You must assure no relaxation of the good efforts of the Baltimore Office in recruitment of Agent and clerical applicants.

I note that you have been quite cognizant of the importance of press and public relations matters and the steady increase of speeches and radio and television appearances is gratifying. Remain alert to every opportunity to broaden your use of radio and television media in order to acquaint the maximum number of individuals in your territory with the work, jurisdiction and accomplishments of the FBI.

Your control file containing copies of memoranda relating to cases closed upon authority of the Special Agent in Charge should be purged of such memoranda dated prior to November 5, 1964, the beginning date of the inspection.

You and the Assistant Special Agent in Charge must thoroughly review the Inspector's findings and advise the Bureau within thirty days of the receipt of this letter of corrective action taken with respect to delinquencies noted.

Sincerely yours,

John Edgar Hoover
Director

MEMORANDUM FOR MR. TOLSON

On March 30, 1965, I saw Special Agent in Charge Edwin R. Tully of the Baltimore Field Division. Mr. Tully makes a mature personal appearance and I would rate him above average.

I discussed with him some of the problems in the Baltimore Office, particularly the delinquency in four classifications of cases.

I also commended him upon the increase in accomplishments for the first eight months of the current fiscal year and pointed out to him that we should not let up our efforts in this matter as our appropriations for next year would be larger than this year and, therefore, Congress would expect greater results.

I called his attention to the fact that the Agents were spending 14.1% of their time in the office and that the Security Squad was spending 41.1% of their time in the office. I stated I thought the Agents in the Baltimore Office should not be spending more than 10% or 12% of their time in the office and certainly the Security Squad should markedly reduce the time it spends in the office.

I discussed with him generally the matter of informant coverage, stressing the importance of quality criminal informant coverage and domestic intelligence informant coverage.

I noted that the overtime for the Baltimore Office has averaged approximately two hours and twenty-eight minutes in February, and while I would like to see the overtime reduced to approximately two hours a day, I realized in view of the volume of work and the constant additional legislation which is being passed by Congress giving us additional responsibilities, we could not keep it down to two hours a day, but that whatever overtime was necessary, I wanted it to be equitably shared by all of the Agents in the Baltimore Office.

meeting the average overtime of the office, there were two or three who had not done so and he should give this careful attention and if their physical condition is such that they will not be able to equitably share the overtime in the Baltimore Office, then they should not receive the premium pay benefits.

I pointed out to Mr. Tully that he had 29 unsolved violations of the Federal Bank Robbery Statute and I considered this to be grossly excessive, and he should make every effort to reduce this number of unsolved bank robberies.

I stressed to Mr. Tully the imperative necessity of recruiting additional qualified Agents. I told him that since last July, his office had recruited 12 new Agents and he should put greater effort upon this project.

I discussed with him generally the Criminal Intelligence Program and the need for keeping the pressure on the enforcement of the Anti-Racketeering and Interstate Gambling Activities Acts and on the following of the activities of the members of the Cosa Nostra who are in his district.

FBI Agents Fit Into Community

By Jim Parks

The Federal Bureau of Investigation encourages its agents to maintain close ties—both professional and personal—with the communities in which they are working.

This approach, says Edwin R. Tully, is a direct outgrowth of the FBI's intensive efforts to prevent itself from becoming a national police force.

Tully, special agent in charge of FBI activities in Maryland and Delaware, says the public is hazy in its concept of the agency despite years of a conscious effort to explain itself. Nevertheless, various surveys taken from time to time indicate that far more people approve of the FBI and its mode of operation than disapprove.

"PEOPLE think of us as a police agency while we're really an investigative agency with jurisdiction limited by Congress and presidential directive," he says. "It's not our job to protect the President or to protect civil rights workers or people threatened with violence. We don't undertake local police functions."

There are two FBI offices in Delaware—one in Wilmington and the other in Dover. These are among 10 "resident agencies" operating out of the Baltimore field office—one of 56 in the country—where Tully makes his headquarters. There are about a dozen full-time agents in Delaware at present.

As investigators, FBI agents attempt to remain as unobtrusive as possible. On the other hand, Tully says, the agents are encouraged to own homes in the communities where they're assigned, and to take part in church, school and community activities where these don't conflict with their official duties. It's a strict rule in the service, however, that agents avoid such things as local political and business entanglements that

might impair their objectivity.

THE Wilmington office is as unobtrusive as its agents. Only an iron grate over the glass in the door at the entrance to the second floor suite of rooms at 1200 Market St. and a two-way radio set on a table in the reception room would indicate the function of the office. Its furnishings consist of a few uncluttered desks and some locked file cabinets.

"We do our work outside the office—the office is just used for a base and a place to write reports," Tully says.

By definition, the bulk of the work is investigative. Whether the investigation involves criminal activity or routine background checks on persons slated for sensitive government jobs, the procedure, Tully says, is the same: get as complete a picture as possible, confirm accuracy of the data gathered and present a report to be evaluated and used by the agency for which

the investigation is performed. It is per- doubt if any other agency receives as wide approval as the FBI does."

IN its criminal work—which comes in for the greater degree of public attention—this generally involves work on behalf of local police forces. The current list of the FBI's 10 "most wanted" criminals includes six who clearly are wanted for prosecution by local authorities and two or three who probably will end up under local jurisdiction when caught. The FBI is in the cases because of violations of such crimes as interstate flight to avoid prosecution—a charge usually subordinated to allow trial by local authorities on murder, robbery, rape or other more serious local charges not covered by federal law.

If the Wilmington police force wants someone who has fled to Texas, the best it could do without us is to ask Texas police to try to pick him up. But the Texas police have their own problems. What we do is get out a fugitive warrant, find the subject, put him in jail, tell the Wilmington police he's there and step out," Tully says describing a typical case.

COOPERATION among police agencies in the Maryland-Delaware area—and elsewhere in the country—is good, Tully says. It is general practice in a criminal investigation for an FBI agent and a local police officer to work in tandem.

Tully acknowledges there always has been and probably always will be some criticism of the FBI. "That's a normal situation," he says. "But I

Like most career FBI men, the 45-year-old Tully—who now is in his 23d year with the service—displays an intense loyalty to his agency. He answers many questions in an interview by quoting J. Edgar Hoover, FBI director. Since Hoover, in his 40 years as head of the agency, has come to personify the FBI, this is natural.

Beyond this, Tully explains, a field agent never is far removed from the national director. At least once a year each agent in charge goes to

Washington to make a personal report to the director on activities in his office.

Such reports are done in an atmosphere of "complete candor," Tully says. Hoover prepares for them in detail and is familiar with details of field operations. "He's not interested in anything but results and doesn't dwell on anything else," Tully says of his chief.

NOW that Hoover has passed usual government retirement age—he continues to serve under a special exemption to mandatory retirement—and there is widespread speculation about who will be named to succeed him, the question has been raised whether the FBI will continue in the same rigid patterns when a new man takes over.

Since Hoover consistently has refused to engage in public—or, as far as can be known, private—discussion of a successor, there is no stated FBI policy on the subject.

Dear Mr. Tully:

You have been advised previously of the urgent need at Seat of Government for qualified clerical employees. Despite this, however, you failed to meet your assigned quota during the period February through March, 1965. This situation is a serious reflection upon your administration of your office and it is evident that you have failed to give adequate attention to this extremely important matter.

I will expect you to take whatever steps are necessary to correct this deficiency so that there will be no basis to again criticize you for a similar shortcoming.

**EDWIN R. TULLY
SPECIAL AGENT IN CHARGE
BALTIMORE DIVISION**

As Special Agent in Charge of the Baltimore Division, Mr. Tully has discharged the varied responsibilities of his position in a definitely superior manner during the past year and is entitled to an Outstanding rating for the period April 1, 1964, to March 31, 1965.

Mr. Tully has demonstrated that he is completely familiar with all matters within the jurisdiction of the FBI in his territory and has properly distributed his indomitable energies between investigative and administrative duties with equal effectiveness. He is an extremely hard worker who has established harmonious relationships with law enforcement officers and other officials in his area and is highly regarded.

With a comprehensive understanding of what is required of one in his position and selfless in his determination to do a superior job, Mr. Tully has achieved an impressive record of accomplishments. These successes can be attributed in great measure to his expert guidance and he promotes the highest morale among his subordinates.

Mr. Tully makes a substantial personal appearance, has a congenial personality and is enthusiastically interested in his work. His most capable leadership is characterized by sincerity, dedication, stability, industry, and the ability to get definite results. He is a successful career employee who has served the Bureau with distinction for many years. He has handled his assignments in a most creditable fashion which certainly merits the rating of Outstanding.

OUTSTANDING ANNUAL PERFORMANCE RATING

There is attached for approval the annual performance report for SAC Tully in which his services have been rated Outstanding for the period 4-1-64 to 3-31-65. I have signed this report as the Rating Official.

Mr. Tully EOD as SA 1-4-43, is in Grade GS 16, \$18,935, and has been SAC in Baltimore since 8-18-63. The statistical accomplishments for his office during the first eight months of fiscal year 1965 as compared to the same period in fiscal year 1964 are up 21% in convictions, 67% in fines, savings and recoveries, 8% in fugitives and 7% in automobiles recovered. During the last inspection completed 11-20-64 his office was rated Excellent in physical condition and maintenance and contacts, Very Good in investigative operations and Good in administrative operations and personnel matters. During this rating period no administrative action was taken against him and he was commended on one occasion. He was rated Excellent on his 1964 annual performance report. The Director last saw him on 3-30-65 and stated he made a mature personal appearance and rated him above average.

In the event you approve this rating, I respectfully request that you sign the original and the copy as the Reviewing Official and the Director sign the original and the copy as the Approving Official. Thereafter it will be transmitted to the Department with other Outstanding ratings for approval by the Departmental Committee on Incentive Awards. Mr. Tully will then be entitled to a cash incentive award in the amount of \$400 as has been approved in the past for Special Agents in Charge.

RECOMMENDATION:

That you, as Reviewing Official, and the Director, as Approving Official, sign the original and the copy of the attached Outstanding performance rating for SAC Tully and upon approval by the Department he be furnished a copy of his rating and approved for an incentive award of \$400.

Dear Mr. Tully:

I am taking this occasion to commend, through you, the agents in the Baltimore Office who participated in such a competent fashion in the raid resulting in the apprehension of [redacted] and [redacted] the subjects of an Interstate Transportation in Aid of Racketeering-Gambling case, and the seizure of much gambling paraphernalia.

These men were very determined, skillful and alert in handling their individual assignments in this operation and their combined efforts were largely responsible for the successful results achieved. I want you to convey my sincere appreciation to all for their noteworthy services and their highly effective teamwork.

Sincerely yours,
J. Edgar Hoover

Dear Mr. Tully:

In connection with the FBI Defense Plans Program, you are being placed in the Bureau's Chain of Command. The Chain of Command consists of the Executive Officials and Division Heads at Bureau headquarters and the officials in charge of the New York, Chicago and Baltimore Offices.

In the event emergency conditions, demise, disability or unavailability makes it impossible for those officials at Bureau headquarters, the New York Office, or the Chicago Office to take command of the Bureau, you are to assume temporary command. If and when this is necessary, you are to take such emergency action as may be desirable under the circumstances, including action to activate the FBI emergency relocation site at the FBI Academy, Quantico, Virginia, if feasible. You are to assign Seat of Government personnel where needed or required, supplementing this staff as necessary with employees from the field offices.

Under separate cover, you will receive Copy Number 13 of a ~~top secret~~ document entitled "Highlights of Seat of Government Defense Plans for Chain of Command." This document is for your ~~confidential~~ information and is not to be discussed with anyone in your office. It is to serve primarily as a guide for the emergency direction of FBI operations. Additional detailed plans for the Seat of Government Executive Offices and Divisions appear in separate documents which are available at the emergency relocation site.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe-keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

EXECUTE IN DUPLICATE AND SUBMIT BOTH COPIES TO THE BUREAU.

ReBUairtel 9/10/65.

On 9/13/65 SAC took the stand in Circuit Court for Prince Georges County in Upper Marlboro, Maryland, in instant case. AUSA [redacted], Baltimore, Maryland, was present.

The Defense Attorney asked for a summary of the information set forth in the Bureau documents (letterhead memoranda) and SAC briefly discussed contents. The Defense asked if the Bureau had any additional reports in connection with possible cases of brutality at Patuxent Institution and SAC replied that the Bureau was prepared to produce the letterhead memoranda in response to the request in the subpoena which called for written records and/or memoranda from the period of January 1, 1965, to date. The Defense asked if the memoranda constituted investigations by the FBI and SAC replied no, that they were interviews of individuals who had allegations to make.

The Defense thanked the Bureau for cooperation in the matter. Assistant Attorney General for the State of Maryland had no cross examination, but also expressed appreciation for Bureau representative appearing.

The letterhead memoranda were not produced since a direct request was not made and they have been put back in the files of this office.

INSPECTION - BALTIMORE OFFICE
P.H. FIELDS, JR., INSPECTION STAFF
SEPTEMBER 27 - OCTOBER 8, 1965

SUMMARY

Officials: Edwin R. Tully, SAC since 8/18/63; George W. Hall, ASAC since 1/13/63.
Last inspection: 11/5 - 20/64.

Physical Condition and Maintenance - Good (Last Inspection - Excellent). Office centrally located, downtown Federal building; generally well maintained, secure and efficiently organized. Minor housekeeping delinquencies ordered corrected. All resident agencies (RA) with space inspected - satisfactory; suggestions made to improve auditory security in 1 RA. Repainting underway or desirable in 6 RAs; instructed to closely follow building officials to complete. Pair of handcuffs missing on property check - further search underway. 50 of 78 vehicles inspected - minor defects noted and ordered corrected. Numerous delinquencies detected in monthly car inspections and submission of inspection forms - procedures corrected (handled separately). Fleet adequate, not excessive, well utilized, secure; efforts to locate more suitable storage facilities in 2 RAs continue. Auto operating and repair costs below Bureau averages fiscal year (FY) 1965; 7 auto accidents since last inspection, decrease of 2; employee responsible in 1, not yet determined in 2 - safety stressed.

Investigative Operations - Good (Last Inspection - Very Good. 3193 cases (3036 active) 9/30/65. Delinquency 4.5%, below field average past 9 months. Statistical accomplishments FY 1965 and first 3 months FY 1966 - up in all categories - favorable trend. 4 substantive errors detected - below field average (handled separately). Missed fugitive and applicant deadlines above field average, civil rights missed deadlines low. Of 21 bank robbery statute violations received since last inspection, 9 solved; 1 of 19 old violations solved; 29 total violations remain unsolved (24 robberies, 5 burglaries) - low solution rate; more aggressive investigations imperative. Suspect believed responsible for 3 unsolved robberies identified during inspection - intensive efforts being made to resolve. Security and Criminal Informant Programs rated very good. Estimated Communist Party (CP) members 37 - all identified; coverage effective on CP and front groups. Baltimore area Nation of Islam groups well covered; member informants needed in 2 groups in RAs. Criminal Informants (CIs) increased, productive; potential informants (PCIs) decreased substantially, good turnover - replacements for

Memorandum to Mr. Tolson
Re: Inspection - Baltimore Office

PCIs deleted essential. Racial situation relatively quiet. 6 Klan groups formed in Delaware since July, 1965; expanded informant penetration vital. Weaknesses noted in Klan file handling; procedures corrected and strengthened. Racial liaison contacts materially improved. Criminal Intelligence Program very good; gambling principal activity - no convictions since last inspection, potential good in 6 cases. 2 top echelon informants (TEIs) providing quality information; valuable data disseminated; need for more strategically placed TEIs evident to verify indicated La Cosa Nostra connections of local hoodlums. Improper opening of liaison-type cases noted - corrected.

Administrative Operations - Very Good (Last Inspection - Good). 6-desk office - justified. 3193 cases as of 9/30/65 (3036 active - 3038 average past 9 months). Cases per Agent past 9 months - 28.5; closings 18.1, excluding record check cases handled by Investigative Clerks (ICs). (Current field averages 24.0 and 11.4, respectively.) Supervisory work load equitably distributed, no overlap. Major cases receiving on-the-spot supervision. Headquarters and RA Agent work adequate, well supervised, SAC instructed to improve case load distribution in Hyattsville RA, closely follow low cases in 1 RA, rising work in another, re advisability realigning territory. Minor errors detected in daily reports and registers, none affecting fringe. Chief Clerk's Office well organized, operating effectively; suggestions made to streamline mail and file handling. Slight increase in project work noted. Misfiled index cards below field average. Form errors 5.2%, slightly above average. Stenographic and typing production considerably above field averages; retypes low. Stenographic operations improved over-all; delinquency reduced, efforts continuing to eliminate. Travel, per diem and communications costs above Bureau base 3 of 12 months, FY 1965; low thus far FY 1966, except communications costs up in August - economy emphasized.

Personnel Matters - Very Good (Last Inspection - Good). Clerk-Agent ratio 97.8%, based on 94 total Agents (3 assigned Congressional committees), 92 clerks (field average 65%), 9/24/65. High ratio justified on basis volume of record checks handled by ICs; 3 monitoring clerks whose regular duties discontinued adequately assigned on IC-type work. SAC following. Personnel adequate, not excessive. No Agents overweight, unavailable or on probation; male clerk found 18 1/2 pounds overweight during inspection - reducing diet instituted (handled separately). 3 Agents on limited duty (heart diseases and cataract) - justified. All available personnel passed examinations. Voluntary overtime equitably shared, essential and productive. Commendations and other awards slightly below comparable offices - superior performance recognition stressed. Since last inspection, 81 clerks recruited, 3 from minority groups (quota 56); 13 Agent appointments - excellent. Morale appears high.

CONTACTS - Excellent (Last Inspection - Excellent). 14 SAC contacts affording diversified assistance; geographical and professional coverage effective (last inspection - 16); all contacts known to SAC; 8 not met by ASAC - instructed to do so as soon as

Memorandum to Mr. Tolson
Re: Inspection - Baltimore Office

1 practicable. 1 contact developed, 3 deleted since last inspection; additional individuals under consideration. Expanded contacts desirable in outlying areas, particularly in news media. Speech program excellent, before quality groups; at present rate, appearances should surpass calendar year 1964. Active utilization of radio and television (TV) noted; 1 weekly radio program in progress; TV program under discussion, arrangements being pursued. Relations with newspapers generally favorable. National Academy Associates and liaison programs effective. Police training program excellent; schools and attendance to date in 1965 already surpass last year. All persons contacted, including U. S. Attorney Kenney, Baltimore, spoke highly of the Director, Bureau and the Baltimore Office.

RECOMMENDATIONS

1. SAC Edwin R. Tully, GS-16 @ \$19,590, nonveteran, not on probation, at Baltimore since 8/18/63, second office as SAC, 45 years of age. Makes an excellent personal appearance, is capable, enthusiastic and has respect of associates. Has done good job concerning statistical accomplishments, but must improve bank robbery matter solutions and tighten administrative procedures. Received Outstanding rating April, 1965, for performance preceding 12 months. Considered qualified to continue as SAC in Baltimore. If approved, attached letter summarizing inspection findings should be sent to him.

2. ASAC George W. Hall, GS-15 @ \$18,170, nonveteran, not on probation, at Baltimore since 1/13/63, second office as ASAC, 49 years of age. Makes very good personal appearance, is energetic, diligent, a team worker and has respect of employees. Delinquencies noted in auto inspections and handling of inspection forms; ASAC not considered culpable as primary maintenance responsibility rests with Automotive Maintenance Clerk, WB-11, his helper and Agents to whom cars assigned, and ASAC acted in September, 1965, to remove helper who contributed to delinquencies. Hall is performing satisfactorily and should be continued as ASAC. Attached letter to SAC will also inform Hall re inspection results.

3. Other supervisory personnel have been evaluated separately.

PERSONAL ATTENTION

**Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland**

Dear Mr. Tully:

I have reviewed the results of the recent inspection of the Baltimore Office and, based on the Inspector's findings, have approved the following ratings for your operations: Contacts - Excellent; Administrative Operations and Personnel Matters - Very Good; Physical Condition and Maintenance and Investigative Operations - Good.

Your office space was found to be secure and well maintained. The minor housekeeping delinquencies noted should be promptly corrected and all employees impressed with the necessity for good housekeeping practices. Immediately implement the Inspector's suggestions for improving auditory security in the Hyattsville Resident Agency and make certain close contact is maintained with building managers at those resident agencies which need repainting to insure this is handled satisfactorily.

Your automobile fleet was reported adequate, well utilized and secure. I am pleased automotive operating and repair costs have been kept below the field averages. I am greatly concerned, however, at the inadequate handling of monthly car inspections detected by the Inspector. These functions are vital to continued safe and economic operation. I expect you and the Assistant Special Agent in Charge to take all necessary steps to insure that, henceforth, all cars are inspected as required and results properly submitted and recorded. While Bureau car accidents have decreased during the past year; the seven which occurred, in one of which the Bureau employee was responsible; make it essential that sustained emphasis be placed on safety. You should also intensify your efforts to find more suitable storage space for Bureau cars in the two Resident Agencies which do not currently have proper facilities:

DUPLICATE YELLOW

Mr. Edwin R. Tully

It is gratifying that your statistical accomplishments for fiscal year 1965 and the first three months of the current year show increases in all categories. This productive record is noteworthy and should certainly be continued. Although your missed civil rights deadlines are below the field average, the high percentage of missed fugitive and applicant deadlines and the four substantive errors detected highlight the need for closer attention to investigative responsibilities by Agent and supervisory personnel. I note favorably that office delinquency has been consistently low and that Agent case loads and closings are above field averages.

The Baltimore Office has solved only nine of the twenty-one bank robbery matter violations received since last inspection. You currently have twenty-nine pending unsolved violations, including twenty-four robberies and five burglaries. This poor solution rate is unacceptable. These crimes continue to be among the Bureau's most highly publicized responsibilities. They must be viewed as a personal challenge and handled aggressively, with dispatch and ingenuity. I am holding you personally responsible to see that a marked and sustained improvement is promptly effected in your solution rate. The Inspector's suggestions to assist you in this regard should be energetically followed.

Your Security and Criminal Informant Programs have been rated very good. I am pleased with the effective coverage maintained on the Communist Party, its front and other subversive groups. An apparent need exists for expanded coverage of the two Nation of Islam groups in Delaware. The increase in criminal informants and valuable information furnished is encouraging. The active turnover of potential informants is favorable, but greater efforts are needed to increase their number and provide replacements for those deleted. Your Criminal Intelligence Program was rated very good. Significant gambling information of value in cases of other agencies has been disseminated. However, you must promptly develop additional strategically placed top-echelon informants, improve prosecutive results in interstate gambling cases and insure that any La Cosa Nostra involvement in your territory is ascertained. While the racial situation has been relatively quiet in your area, prospective demonstrations carry a potential for violence and you must closely follow these developments. The current formation of Klan groups makes it vital that expanded coverage be developed so that you are immediately aware of any pertinent activity. Carefully follow the suggestions of the Inspector concerning the administrative handling of Klan files.

I was pleased to learn your Chief Clerk's Office is well organized and operating effectively. The Inspector's suggestions for streamlining the

Mr. Edwin R. Tully

handling of mail and files should be promptly carried out. As a slight increase in project work was noted, this aspect must be afforded additional, systematic attention. While misfiled index cards were below the field average, the incidence of form errors was too high. Such delinquencies are an indication of the care with which personnel perform their duties, and closer attention should be given so as to avoid these errors. The high production and low retypes of your stenographic personnel are gratifying. Although the material reduction noted in stenographic delinquency is a definite step in the right direction, continued efforts are needed to completely eliminate this condition. I note that travel, per diem and communications costs were kept below the established bases during fiscal year 1965 and thus far this year, except for above-average communications costs in August. You should continue to be alert for ways to achieve economy in all operations.

The Inspector found the supervisory work loads of your office fairly distributed and the voluntary overtime necessary, productive and equitably shared. You should take prompt steps, however, to improve the distribution of work among the Hyattsville Resident Agents. Also, closely follow the decreasing work load in the Hagerstown Resident Agency and the rising work in Salisbury and insure that work loads are equitably distributed in both areas. It should not have been necessary for the Inspector to call to your attention that one male clerk was excessively overweight. You must closely follow the progress of this employee and insure his early return to desirable weight limits. It was most gratifying to note the excellent results obtained in the recruitment of clerical and Agent personnel, including applicants from minority groups. You must be certain your effective work continues in this vital field.

The fourteen SAC contacts are furnishing diversified geographical and occupational coverage. Arrange as soon as practicable for the Assistant Special Agent in Charge to meet all contacts whom he has not met. The active utilization of radio and television has been very favorable but contacts in these media should be expanded in the outlying cities. I am pleased that you have an excellent speech program, with appearances before quality groups. The highly effective progress of your police training program and the productive relations existing with news media and law enforcement agencies have been favorably noted.

You should destroy copies of communications contained in your control file on cases closed on authority of the Special Agent in Charge which were prepared prior to October 6, 1965.

Mr. Edwin R. Tully

You and the Assistant Special Agent in Charge must thoroughly review the Inspector's findings and inform the Bureau of corrective action taken within thirty days of receipt of this letter.

Sincerely yours,

John Edgar Hoover
Director

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

TWO-DAY CONFERENCE
FEBRUARY 28 - MARCH 1, 1966

I talked with the captioned three SAC's in connection with their current two-day Washington conferences. I pointed out that in correspondence with the Bureau concerning identification matters, it was most important to signify in the opening of the communication that this was a matter to be called to the attention of the Identification Division. I pointed out that this expedited routing of the material to us whether it be correspondence or evidence and reminded them that since we were in a separate building it was imperative that this material be routed to us as quickly as possible so the necessary services could be afforded the field.

I emphasized the necessity for thorough crime scene searches in all instances so as to discover and record latent fingerprints which would definitely associate the subject of the investigation with that particular area. It is most important at this time in view of the trend by the judiciary to extremely limit and even rule out confessions. Latent fingerprint evidence is, of course, one of the most positive forms of associating a subject with a particular crime and the services of our experts are always available to do this.

I reminded SAC Bailey of the Albany Office to keep us fully informed on all of the work of the New York State Identification and Intelligence System and to let us know of any developments there.

I reviewed with each of these SAC's the work of the Identification Division, pointing out the tremendous increase in fingerprint receipts this fiscal year over the last. During the first eight months of fiscal year 1966, fingerprint receipts in all categories have increased by 653, 656 over the same period last year -- up 17.55%. During the month of February, this trend continued with almost 31,000 fingerprint cards being received each day for processing. With such a tremendous volume it is imperative that all fingerprint contributors cooperate in every way possible by taking legible fingerprints, furnishing FBI numbers known and by eliminating needless requests for special services when such are not necessary. MEMORANDUM FOR MR. TOLSON

On February 28, 1966, I saw Special Agent in Charge Edwin R. Tully of the Baltimore Field Division. Mr. Tully makes a good personal appearance. I doubt, however, that he has the aggressiveness and energy to be in any office larger than Baltimore.

I discussed with him the fact that he had over 18 classes of cases in which he was in excess of 7% delinquent, and he stated this was due to the fact he had taken Agents off their regular work and assigned them to bank robberies. I observed to him, however, that I noticed he had 33 unsolved violations of the Federal Bank Robbery Statute, which was one of the largest number in any office in the service, and, therefore, his assignment of Agent personnel to bank robberies had not been productive.

I also called his attention to the fact that the Agents in the Baltimore Office were spending 14.6% of their time in the office, which I considered to be excessive and it should be reduced.

I discussed with him generally the matter of informant coverage, stressing the importance of quality informants in all three areas of criminal, racial, and domestic intelligence informant coverage.

I discussed with Mr. Tully the inspection of his office last September in which he received a rating of Good in Physical Condition and Maintenance and Investigative Operations and that I considered anything less than Very Good to be an indication that an office was growing soft and certainly not measuring up to the requirements of the Bureau's procedures and policies.

I spoke to him about the fact that his office had a large number of delinquent pages of stenographic work, and he stated this was due to the fact there had just been four new stenographers appointed and they were delayed in learning their procedures and work. I told him he should bring about a correction of this promptly.

I noted that the Baltimore Office had an average of two hours and forty-six minutes per day overtime in January, 1966, and I stated that I had not at any time indicated the amount of overtime to be performed, but whatever overtime was performed, it must be absolutely necessary and must be equitably shared by all Agents if they were to receive fringe benefits.

I spoke to Mr. Tully about the recruiting program and stated I noted since July 1, 1965, the Baltimore Office had recruited only 8 new Agents and I desired that this program be intensified in view of our need for additional personnel.

I stressed to Mr. Tully the imperative necessity of intensifying the Criminal Intelligence Program in the Baltimore Office and the imperative need for developing better coverage of the Cosa Nostra and its activities and for better coverage of the violations of the gambling laws and the obtaining of better results in this field as he had no statistical accomplishments for the fiscal year 1965 and none to date for the current fiscal year.

I talked to SAC Tully of Baltimore this morning. I told him that the time spent in the office was exorbitant and that he should try to establish a smaller average daily overtime record.

I pointed out that the recruitment record was not good. He stated he expected it to improve during March and April.

He has 33 unsolved violations of the Federal Bank Robbery Statute. I explained this was particularly bad and since he is so close to Washington he should endeavor to clear this up as soon as possible.

Tully makes a good appearance but until he materially improves the matters mentioned herein he should not be considered for a larger office.

During SAC Tully's attendance at 2-day conference, Inspector Edwards discussed Inspection Division matters with him 3/1/66 in my absence. The last inspection of the Baltimore Division was 9/27 - 10/8/65. SAC Tully stated that he hoped his recent ASAC, George W. Hall, would do well as an Inspector because Tully felt that Hall was intelligent, conscientious and very knowledgeable in Bureau policy and procedures. Tully was told that Hall showed promise but it was too early to predict what his actual performance would be.

SAC Tully was asked about the large number of unsolved bank robbery matters he had during the last inspection and he stated that unfortunately Baltimore had an even larger number of unsolved violations at this time. He stated this was particularly of concern to him because he realized how interested the Director was in having a good percentage of solutions in these cases and he was applying all the pressure, imagination and ingenuity that he knew. He said there was a gang of 4 Negroes which was conducting a number of the bank robbery violations in the Baltimore territory and the Washington area, that Baltimore Office was convinced of their guilt but they had not yet been able to turn up witnesses and evidence which would enable them to prosecute. He is hopeful that a break on one of these cases will be the key to the solution of a number of them. SAC Tully was told that during the next inspection of his office the Inspector will be under orders to inquire very penetratively into this phase of his investigative operations so he had better get his house in order from now on.

Applicant recruiting for the Bureau was also stressed. SAC Tully acknowledged that he was fully aware of the Bureau's urgent needs and he said Baltimore had been able to produce 80 clerical applicants from the Maryland fringe of the Washington metropolitan area in the past year and although they had fallen short of their quota during January and February, 1966, he was putting on more pressure and he would give this top priority. *362*

A number of miscellaneous matters based on the last inspection findings were also discussed with SACTully. His attitude is good. He seemed impressed with the seriousness of all of the matters mentioned and it is felt he will look into these and other matters affecting Baltimore operations immediately upon his return to his headquarters. He had no problems.

On the morning of 3/1/66 both Bishop and I conferred with SAC Tully while he was at the Bureau for 2-day conferences. Tully's attention was called to the fact that the "Cumberland Evening Times" had carried an editorial derogatory of the Bureau's role in fighting organized crime in an issue in April, 1965, and he was cautioned to be circumspect in his dealings with that paper and its editor, T. Donald Shires. Tully advised that the editorial in question was a "canned" editorial which had been distributed to a syndicate of newspapers and that other editorials carried by this paper had been very complimentary of the Bureau. Tully was advised that although the number of radio and television programs on which he participated during 1965 and through January, 1966, indicate that he is fully aware of the value of such programs, he should attempt to secure more appearances on television programs.

He was also instructed that the number of submissions received from the Baltimore Office of items for inclusion in "The Investigator" during the past 6 months was below average for an office the size of Baltimore, although the material has been of good quality. It was also suggested that consideration be given to submitting a "feature article" for use in this publication.

REC-140
The absolute need for accuracy in all data furnished by him to the press was emphasized to Mr. Tully, and the Attorney General's guidelines as to what can and cannot be included in press releases was gone over in detail with him. He was urged to be on the alert at all times for fugitives being sought by his office who would make good candidates for the FBI's "Ten Most Wanted Fugitives Program" and to also be alert for cases arising in his division which could possibly be the subject of a national press release to be issued at the Bureau. In the latter connection it was suggested he furnish the Bureau complete details concerning such cases, as well as the subjects of them, when the cases are developing so that the Bureau can give consideration to the possibility of issuing a national release concerning them when the arrests are made.

The Criminal Intelligence Program of the Baltimore Office was explored in considerable detail with SAC Tully yesterday afternoon, March 1, 1966. It was pointed out to Mr. Tully that his office obtained no statistical accomplishments in the fiscal year 1965 and had secured none to date during the current fiscal year. I inquired of his potentialities in this regard and he advised they had eleven individuals in three cases who had been indicted in connection with gambling cases and they should be going to trial in the very near future. He was instructed to afford these cases the very closest personal attention in order to insure favorable results.

There is every indication that the membership of La Cosa Nostra in Baltimore is controlled by the Carlo Gambino "family" from New York City. While Baltimore has some good top echelon informants, they have no informants who are actually members of the Cosa Nostra group. Mr. Tully was instructed to make every effort to penetrate the Cosa Nostra organization. Mr. Tully commented that the discontinuance of microphone coverage on the top hoodlums has hurt them badly. I explained in detail the necessity for the Bureau's taking this action and advised Mr. Tully that he would have to make up for this loss of information via microphones through the medium of informants if possible. He was instructed to pay particularly close attention to those gambling cases in Montgomery and Prince Georges Counties in view of the Washington, D. C., ramifications.

The importance of handling Selective Service cases on a prompt basis in view of the Vietnam war was stressed by me to SAC Tully.

It was noted that the Baltimore Office is up in fugitive apprehensions as compared to last year and Mr. Tully was advised that this favorable condition should be continued. It was also noted that Baltimore has a productive criminal informant program. The importance of this program was stressed to SAC Tully and he was instructed to make every effort to increase the over-all coverage.

The importance of meeting Bureau deadlines insofar as Special Inquiry and White House applicant cases was stressed to Mr. Tully and he was informed that these cases must be handled in a penetrative and thorough fashion so as to preclude any possible criticism of the Bureau.

TO : MR. TOLSON

DATE: 3/2/66

FROM : J. P. MOHR

SUBJECT: EDWIN R. TULLY
Special Agent in Charge
Baltimore Division

I saw Mr. Tully on the afternoon of 3/1/66 while he was in Washington for Two-Day Conferences. I discussed with him various aspects of the work of his office and mentioned the Director's concern about the large number of unsolved bank robbery violations in his division. I told him obviously the Director was concerned about so many unsolved bank robberies and that it was his responsibility to see that everything was done to solve a number of these in the near future. He stated he personally goes out on every bank robbery and he will do everything possible to improve the record of the Baltimore Division in this respect in the near future.

I told him his office reported a stenographic delinquency of 423 pages as of 2/23/66. He was informed that there was no excuse for any office having a stenographic delinquency and if he needed additional help he should ask for it. He said the delinquency was caused by four qualified stenos resigning who had just been replaced and that the stenographic delinquency was down to 123 pages on 2/25/66. He said the delinquency undoubtedly will have been removed by the time he returned to Baltimore on the evening of 3/1/66.

We discussed applicant recruiting and I told him the records show that his office had recruited 8 Special Agents (SA) since 7/1/65. He was told it was the responsibility of the office to recruit at least one SA applicant each month, that we expected his office to keep up the quota in this regard in the future. It was pointed out to him that we urgently needed clerical applicants at the Seat of Government (SOG) at the present time and that records reported he had recruited 26 clerks against a quota of 42 since 7/1/65. He was informed that this was unsatisfactory and that he would have to take steps to correct the situation immediately. He did state that the recruiting program had picked up considerably during the past month and that he should have no trouble meeting his quota during the forthcoming months. I told him we would watch this closely and we would expect positive results from him in this regard.

He was also told he should concentrate on recruiting some highly desirable Negro clerical and SA applicants. I told him we could use Negro clerks at the SOG and although he had two Negro clerks in Baltimore he should endeavor to employ some additional ones. He said he would give this matter his personal consideration.

SUBJECT: CONFERENCE WITH SAC TULLY, BALTIMORE, 2-28-66

I pointed out to SAC Tully several minor problems we were having with proper packaging of mail in his division and discussed with him the daily receipt of mail, which he assures me arrives in good time in the morning.

I also urged him to devote as much effort as possible to keeping rehabilitation programs for his files and indices up to date.

I discussed with him direct telephone line facilities from Seat of Government to Baltimore through the Hyattsville, Maryland, Resident Agency, and he stated that although the line is heavily used by resident agents, he has had no particular difficulty in reaching the Bureau. I urged him to keep communications costs at a minimum and it was concluded that the use of Wide Area Telephone Service (WATS) in his district would not be economical nor could produce any saving since his present toll costs do not amount to as much as the monthly flat rate charge for WATS.

SAC Tully was interviewed by the writer on 3-1-66 while attending Seat of Government conferences and his attention was called to the fact that the Baltimore Division had fallen substantially below the quota set for them for clerical applicants for the Seat of Government. I impressed upon Tully the need to exert every effort to see that he met his quota each month the balance of the fiscal year and if at all possible to exceed the quota. It was pointed out we appreciated the competition he was faced with in regard to other Government agencies and industry in the Baltimore area, but I pointed out that he would have to redouble his efforts in the Western Delaware and Southern Maryland districts of his division and to assign sufficient personnel to this effort to see that the desired results are accomplished. He was also instructed to intensify his efforts in recruiting Agent applicants for future New Agents' Classes.

SAC Tully's attention was called to the fact that there were three work-related injuries reported by the Baltimore Division since 2-1-65 and that he should impress upon personnel assigned to his division the need to exercise caution and care in the performance of their duties to avoid such injuries. It was also pointed out that while he has no Agents who are overweight, he must be constantly alert to the Bureau's desires to see that all personnel comply with the Bureau's physical standards program.

It was also pointed out to SAC Tully the fact that for the first seven months of fiscal year 1966 his automobile accidents had been reported by his division which equal the number reported during the full fiscal 1965. It was pointed out the need to emphasize to personnel operating Bureau vehicles the fact that they must exercise care and caution at all times to avoid such accidents.

I pointed out to Tully the need for care in the preparation of annual performance ratings, particularly with the ones becoming due on March 31, 1966, on investigative personnel and further pointed out that during the past year while his ratings had been generally well prepared a number of corrections were necessary which could have been avoided by more careful preparation and review of the ratings by supervisory personnel.

I furnished SAC Tully a summary of the cost of operations of automotive equipment for Baltimore (copy attached) and urged him to continue to exercise every economy in the operation of such vehicles.

SECURITY INVESTIGATIONS
BALTIMORE DIVISION

The Baltimore Division has approximately 93 Agents presently assigned. As of January 31, 1966, the date of the last administrative report, the following statistics were reported in connection with classifications 65, 100, 105, and 157.

<u>Classification</u>	<u>Pending Active Matters</u>	<u>Delinquent Matters</u>	<u>Percentage Delinquent</u>
65	27	2	7.4%
100	91	13	14.3%
105	213	24	11.3%
157	11	0	0%

Baltimore had 3174 pending active matters in all classifications of which 233 or approximately 7.3 per cent were delinquent.

For your information, as of September 30, 1965, Baltimore estimated the Communist Party membership in its territory at 36.

It has been noted that on a number of occasions Baltimore is failing to meet the deadlines in the submission of periodic reports in Security Index cases, necessitating a follow-up of this office by the use of Form O-1. While it is realized that other commitments will, in some instances, preclude the meeting of the deadline, Baltimore should insure that Form FD-205 is submitted to the Bureau advising of the delay, reason therefor, and the expected date of handling. This eliminates the necessity for following the matter at the Seat of Government. Instances in which deadlines on periodic reports in Security Index cases are missed should be relatively few.

GENERAL RACIAL SITUATION
BALTIMORE DIVISION

Proposed legislation by City Council in Baltimore concerning open occupancy of housing in the city has resulted in demonstrations both for and against such legislation. During the evening of January 13, 1966, Lawrence Cardinal Shehan, Archbishop of Baltimore, appeared before the Baltimore City Council and testified in favor of such legislation. On January 15, 1966, an anonymous caller stated he was going to put a bullet through Cardinal Shehan's head because "he is taking up with niggers." Later on January 23, 1966, five pieces of oak, approximately 18 inches in length were burned on the lawn of the Roman Catholic Cathedral of Mary our Queen. No further incidents have been reported in connection with Cardinal Shehan's testimony.

On February 15, 1966, a house purchased by a Negro in a white neighborhood in Capitol Heights, Maryland, was the target of a shotgun blast. The house was not occupied; although, the Negro family had moved some of their furniture into the house. Investigation by local authorities has failed to identify the person responsible for the shooting.

The Baltimore Division is responsible for the investigation of the activities of the Communist Party, USA (CPUSA), in the States of Maryland and Delaware. Baltimore serves as an auxiliary office to Philadelphia in the investigation of the CPUSA in Delaware which is part of the CP Eastern Pennsylvania and Delaware District. Baltimore is office of origin of an enlarged CP District which includes Maryland, Virginia, North Carolina and the District of Columbia. This enlarged District has not been officially sanctioned by CPUSA headquarters in New York City.

As of 12/31/65, the estimated CP membership of these areas was as follows: Maryland 36, Washington, D. C. 5, Delaware 0, North Carolina 2, and Virginia 4.

George Meyers, a member of the National Committee, CPUSA, is the ranking leader in the territory covered by Baltimore. Meyers is also traveling in the Southern Region in an attempt to revitalize Party organization. There is criticism of Meyers since he uses funds collected in Baltimore to finance his travels. Baltimore should consider suitable counterintelligence action to make Meyers' task more difficult. Meyers recently recruited an informant into the CP who is not included in the above membership estimate.

On 3/1/66, I conferred with SAC Tully of the Baltimore Office.

I reviewed with Mr. Tully the local law enforcement agencies in his division which appear on the Laboratory restricted list, based on past difficulties or lack of cooperation, and requested that he follow such situations closely for any change which would affect FBI relationship, and potential services.

I reviewed with him the present policy relating to the call back to the Seat of Government of all technical equipment, such as sound recorders, etc., and I pointed out that this new program would, of course, require alertness on his part and that of his staff to anticipate the need for such equipment in any given developing investigative situation (such as a kidnaping), in order that such need might be evaluated and handled in the most rapid and effective manner.

I advised him that, while we in the Laboratory were already well acquainted with all major problem areas in which science might be helpful, nevertheless new investigative situations would continue to be encountered and he should, therefore, continue to be alert to acquaint the Laboratory with any investigative situation where help was needed in order that appropriate consideration and assistance could be rendered if feasible.

I pointed out that he should follow closely the technical maintenance of specialized investigative equipment by his technically trained Agents and radio personnel to insure that the equipment was maintained in top condition, thereby protecting the Bureau's very substantial investment in such equipment and permitting the maximum possible return in performance and service.

The need was stressed for all of his supervisory and investigative personnel to keep constantly in mind the scientific examination of evidence in connection with their handling and review of cases, in order that the Laboratory's facilities could render the maximum possible assistance to the Bureau's investigative effort.

FROM : J. J. Casper

SUBJECT: INTERVIEW WITH EDWIN R. TULLY
SAC, BALTIMORE

On the morning of March 1, 1966, I interviewed SAC Tully and discussed with him the following items:

Police Training

I pointed out that in the year 1964 Baltimore only participated in 39 schools as compared to 66 schools in 1965. I told him this was a good record and that he should continue to advance law enforcement training in Maryland with those departments with whom we can work. I emphasized the need for having good coverage in police training throughout the states of Delaware and Maryland. I reviewed with him the situation involving the Law Enforcement Institute at the University of Maryland wherein they invited Bayard Rustin to be a speaker at the institute. I discussed the pending police training legislation causing the proposed Minimum Standards Training Act for the Maryland Police which has been introduced into the current session of the Maryland Legislature in which the FBI is specifically mentioned as participating in the training program as a member of the Commission. I alerted SAC Tully to be aware of any similar bills introduced in the Delaware State Legislature. We discussed the current staff of instructors in the Baltimore Office and I emphasized the need for having an adequate staff of well-qualified instructors who are interested in police training.

I also reviewed with SAC Tully the current situation involving the Baltimore Police Department and told him that he should watch this very closely to determine the amount of influence that the International Association of Chiefs of Police (IACP) has with this department following IACP's survey of the Baltimore Police Department. I requested he remain alert to the over-all conditions in this police agency; that he furnish his recommendations as to the desirability of assisting in any training program for that agency and under no circumstances should he accept any requests for training until they are cleared with the Bureau. Relative to [redacted] of the Maryland State Police, he told me that he is being circumspect in his dealings with [redacted] but that he is receiving every indication that [redacted] wants to cooperate with the FBI and is aiding us in our activities in the state of Maryland. I told him that he should furnish the Bureau with specific instances which are indicative of [redacted] attitude and loyalty toward the FBI in order that these matters could be evaluated at the Seat of Government.

Memo J. J. Casper to Mr. Mohr
Re: Interview with Edwin R. Tully
SAC, Baltimore

I also reviewed with him the situations concerning our relations with the Prince Georges County, Maryland, Police Department, in view of the allegations received by the Bureau that the Superintendent of this agency was receiving gambling payoffs. It has been indicated that this Superintendent, Panagoulis, is going to retire in the not too distant future. I told SAC Tully to be alert to any replacement so that if he is a man whom we can work with the Bureau should be promptly advised. He advised that there is no change in the civil rights restrictions placed on our investigations by the Delaware State Police or the Wilmington, Delaware, Police Department.

I reminded SAC Tully that the Bureau is interested in any local arrest problems from a training standpoint and that he should be alert to any indications of corruption in local police agencies in his territory and advise the Bureau promptly concerning same. I reminded him to keep the Bureau advised of activities of colleges and universities in the police training field and that should he receive any requests for this type of training he should evaluate them carefully and submit his recommendations to the Bureau. I emphasized the need in our police training schools for command level and supervisory training, instructions in the Civil Rights Act of 1964, instructions in the legal fields of arrests, search and seizure, and interrogation, and instructions on teaching police how to avoid verbal brutality.

New Agents Training

I reviewed with Mr. Tully some of the minor deficiencies we have noted in New Agents reporting for training in order that steps might be taken to correct these deficiencies before the new men report. I emphasized the importance of proper selection and eliminating the undesirables before they ever come to Washington to report for New Agents' Training. I also reviewed with him his New Agents' Training Program which he conducts for the first year that a New Agent is in the field. He appears to have an adequate program and I pointed out the need for close supervision particularly a regular system of 30-day file reviews with new men in order that they get off on the right foot and any mistakes they make are caught as early as possible. He assured me that he follows personally the training program with New Agents and spends considerable time with them himself in this training program.

Memo J. J. Casper to Mr. Mohr
Re: Interview with Edwin R. Tully
SAC, Baltimore

International Association of Chiefs of Police (IACP)

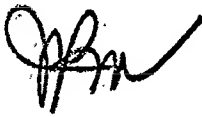

I reviewed with Mr. Tully our problems with IACP staff and I mentioned the need for protecting the Bureau's interests and being alert to the possibilities of IACP staff moving in or encroaching in the fields wherein the Bureau has an interest. I emphasized with SAC Tully the need for his having outstanding personal and official liaison with all police executives. I pointed out this was the best way to combat IACP staff in their efforts to downgrade the Bureau's work. He assured me that he will do this.

Suggestion Program

The Baltimore Office in the fiscal year 1965 submitted 17 suggestions and thus far has submitted 7 suggestions in the fiscal year 1966. I told SAC Tully that his office had a good record for suggestions and it was indicative of the employees having an interest in how they can improve the Bureau's work. I suggested that he continue to instill interest of his employees in this fine program.

According to Bureau records the daily overtime average for your office for February was 2 hours and 49 minutes. This is an increase over January and shows a definite need for a downward trend which all your agent personnel must keep in mind in the course of their daily duties. It is expected that you will insure overtime performance is kept to a minimum, consistent with official responsibilities, and this will receive your personal attention so that a reduction will be achieved.

Dear Mr. Tully:

On a number of occasions in the recent past, you have been advised of the imperative need for qualified clerical employees at the Seat of Government. An analysis of your accomplishments for the period January through March, 1966, discloses you did not meet your assigned quota and as a matter of fact, you were substantially below your quota. Your failure to fulfill your obligation in this regard reflects most unfavorably upon you and it is clear that you have not given this program the preferred, aggressive and continuous attention which it requires.

You will be expected to take immediate action in order to bring about a prompt improvement so that there will be no reason to again criticize you in this manner.

Very truly yours,

J. Edgar Hoover

Dear Mr. Tully:

The daily overtime average for the Baltimore Office for April was 2 hours and 45 minutes, an increase over the previous month. Overtime must be kept to a minimum. A definite effort must be made by each agent in this regard. It will be incumbent upon you to insure these instructions are followed, consistent with the discharge of official business.

Sincerely yours,
J. Edgar Hoover

PERSONAL ATTENTION

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

I have reviewed the results of the recent inspection of the Baltimore Office and have approved the following ratings for the various operations: Contacts - Excellent; Physical Condition and Maintenance, Investigative Operations, Administrative Operations and Personnel Matters - Very Good; Applicant Recruitment Matters - Fair.

Your office space was found to be well organized, neatly maintained and secure. The realignment of offices which has been accomplished has resulted in more effective utilization of space and increased efficiency. I was pleased to note that your automotive fleet is being properly maintained and that no safety defects were detected in the cars inspected. Your operating and repair costs are below the field average and this trend should continue. However, you must intensify your efforts to emphasize the necessity for safe and defensive driving habits to all employees so that automobile accidents will be held to an absolute minimum.

The improvement in your over-all investigative delinquency since the last inspection is encouraging and I am pleased that your production per Agent remains well above the field average. You must concentrate more vigorously, however, on reducing the high delinquency in individual categories such as Crime on Government Reservation.

Your statistical accomplishments for fiscal year 1965 were most gratifying as are the increases you have recorded in all four categories thus far this current fiscal year. It is imperative that you afford this matter your continuous attention to insure that all Agents make a contribution to your over-all office record.

While your solution rate in bank robbery matters has improved in recent months, the 35 pending unsolved cases are a matter of great concern

to me. You must insure imaginative and hard-hitting attention which will result in the solution of more of these cases. The suggestions of the Inspector will be of assistance to you.

Your Criminal Informant Program, Criminal Intelligence and Interstate Gambling Programs are all rated very good. I shall expect you to maintain close liaison with the U. S. Attorney to bring the gambling cases awaiting prosecution to an early trial, and to vigorously pursue other cases which have a prosecutive potential. While the two top-echelon criminal informants furnish significant information in gambling matters, a primary weakness in your program is the lack of a member informant in La Cosa Nostra. You must personally insure that continuous, imaginative and aggressive attention is given to this phase of the program to effect the development of a member informant at an early date.

The Security Informant Program was rated excellent. I am pleased with the exceptionally effective coverage of the Communist Party and its various front groups. There is a need for member informants in the two Nation of Islam groups which exist in Cambridge, Maryland, and Wilmington, Delaware. Your Racial Informant Program is rated good as to quality. While the increase in probationary racial informants since the last inspection is noteworthy, there is an obvious need for additional coverage in this highly sensitive area. The frequent demonstrations being held by CORE and the Klan present a definite potential for violence. The growth of the Klan throughout your territory is disconcerting and makes it imperative that definite, expanded informant coverage be developed so that you will be aware of any activity before it takes place. The quality of racial liaison contacts is considered very good, but the need for additional contacts is apparent in order for you to have your finger on the pulse of the racial situation on a day-to-day basis. You must afford these matters your close personal attention to insure that the Bureau's responsibilities in this field are fully discharged.

Missed deadlines in applicant and civil rights cases were below the field average while missed fugitive deadlines were above the field average. These deadlines, as you know, are set for specific reasons and it will be incumbent upon you to insure that they are met in the absence of circumstances beyond your control.

Your Chief Clerk's Office was found to be functioning well except for the backlog of project work. You should give this matter your immediate attention. The Inspector's suggestion concerning the handling of outgoing mail should further streamline your operations. Misfiled index cards were below

Mr. Edwin R. Tully

the field average, while form errors were high. The need for accuracy in all phases of operations must be stressed continually to keep such errors at a minimum. Stenographic production is equal to the field average, and I am pleased that retypes are low. Adequate training of your new personnel should enable you to increase production rates.

It is gratifying to note that your travel, per diem and communications costs for the current fiscal year have been below base figures. You must continue to stress economy in all phases of your operations.

I want you to follow closely the Inspector's instructions to strengthen the maintenance of records relating to the productivity of Investigative Clerks. You must insure tight supervision of this phase of your investigative operations.

Your Agent and clerical complement was found to be adequate but not excessive. The one Agent on limited duty appears to be equitably sharing in the work load of the office. Follow this matter closely to insure that there is complete justification for continued payment of fringe benefits to this Agent.

Your efforts in the applicant recruitment program were closely reviewed by the Inspector and despite the fact your program now shows a favorable trend concerning clerical applicants, your efforts in the recent past have been inadequate. Whenever quotas are set for your office I expect them to be met.

Your SAC contacts are furnishing quality coverage of a diversified nature. You should make certain that the recently assigned Assistant Special Agent in Charge has an opportunity to meet your contacts as soon as feasible. Your speech and radio programs, as well as your police training program, have been very effective and the increase in the number of public appearances is noteworthy. However, additional emphasis should be placed on television appearances. I am impressed and pleased with the results you have obtained in your relations with various officials and the public and also with the fact the FBI's image in your territory is most favorable.

You and your Assistant Special Agent in Charge must carefully study the inspection findings and within thirty days of receipt of this letter inform the Bureau of corrective action taken.

Sincerely yours,

John Edgar Hoover
Director

INSPECTION - BALTIMORE OFFICE
K. W. WHITTAKER, INSPECTION STAFF
MAY 5 - 20, 1966

SUMMARY

Officials: Edwin R. Tully, SAC since 8/18/63; Joseph H. Gamble, ASAC since 2/14/66, preceded by George W. Hall who had been ASAC since 1/13/63. Last inspection: 9/27 - 10/8/65.

Physical Condition and Maintenance - Very Good (Last Inspection - Good). Office located on fourth floor of U. S. Post Office Building in downtown Baltimore. Space well organized, neatly maintained and secure. SAC effected more efficient utilization of space with realignment of several offices. All Resident Agencies (RAs) with space inspected - satisfactory. Worn out wooden furniture in several RAs currently being replaced with new Bureau approved metal furniture. Automotive fleet adequate, well utilized, properly maintained with no safety defects detected. Delinquencies detected in auto inspection records on last inspection completely corrected. Operating costs of Bureau automobiles continue below field averages. Increase of three accidents, 7 last inspection, 10 this inspection, employees responsible in 3. SAC instructed to reissue his previous strong instructions in this regard.

Investigative Operations - Very Good (Last Inspection - Good), 4/30/66, case load 3676 (3580 active); last inspection, case load 3193 (3036 active). Delinquency (4.3%) improved since last inspection (4.5%), below field average each month except one during same period. Highest single delinquency noted in Crime on Government Reservation (13.9%). Average case load and closings per Agent substantially above field average each month since last inspection. Accomplishments fiscal year (FY) 1965 up in all four categories. Also up in all 4 categories first 10 months current FY. 16 of 28 bank robbery violations received since last inspection solved and 6 old violations also solved. Solution rate (57.1%) improved since last inspection (42.9%). 35 pending unsolved (28 robberies, 7 burglaries). Intensified investigative efforts (which have resulted in recent successes) re-emphasized and suggestions made by Inspector in specific cases in order to further improve solution rate. 5 substantive errors detected (slightly above field average) - handled separately. Criminal Informant Program rated very good. Criminal Informants (CIs) down 2 in number; potential informants (PCIs) up 13 - production and accomplishments improved. Criminal Intelligence Program and Interstate Gambling Activities rated very good. Two top-echelon informants furnishing valuable and significant gambling information. Need to develop La Cosa Nostra member informants stressed. Security Informant Program

Re: Inspection - Baltimore Office

excellent. Racial Informant Program good as to quality & need for additional coverage emphasized. Estimated Communist Party (CP) members 36 - all identified; coverage exceptionally effective on CP and front groups. Baltimore area Nation of Islam group well covered; instructed to develop member informants in 2 Temples in RA areas. Potential for racial disturbance exists with weekly demonstrations being held in Baltimore City by CORE and Klan. Growth of Klan continues in Maryland. SAC instructed to intensify investigation of Klan matters. While racial informant coverage increased (3 to 9), additional informant penetration needed. Racial liaison contacts very good, but more needed. Missed applicant and civil rights deadlines below average - fugitive deadlines missed above average.

Administrative Operations - Very Good (Last Inspection - Very Good). Baltimore 6-desk office - justified. Chief Clerk's Office well organized, no bottlenecks, smooth flow of mail; Inspector's suggestion re improved handling of outgoing mail implemented. Project work in arrears due primarily to applicant recruiting program; SAC instructed to give prompt attention. Misfiled index cards below field average; form errors above field average. Steno production (4.16) equals field average; retypes well below average. Instances of steno delinquency noted, due to high volume expedite work and applicant recruitment; improvement trend noted past 60 days. SAC instructed to insure that corrective action continues. Minor errors in daily reports and registers detected, well below previous inspection, none affecting fringe. Travel and per diem first 8 months FY 1966 substantially below base figures; communications costs also low, continued economy stressed. Voluntary overtime high but equitably shared and productive; instructed to reduce consistent with responsibilities. Time in the office well below field average. All Investigative Clerks (ICs) interviewed, supervision, work assignments and production analyzed. SAC instructed to strengthen production records and closely supervise work of ICs.

Personnel Matters - Very Good (Last Inspection - Very Good). As of 4/29/66, personnel complement 183 (98 Agents, 37 clerks). Last inspection complement was 183 (94 Agents, 92 clerks). 3 Agents on special assignment with House Appropriations Committee during each inspection period. Clerk-Agent ratio 90.63% (last inspection, 97.8%); high ratio due to 9 ICs handling volume record checks. Analysis of work load indicates present complement adequate to discharge current office responsibilities. SAC agrees. All available personnel passed examinations. 1 Agent on limited duty due to heart condition; retention justified. No overweight Agents or male clerks. 1 Agent on probation - handled separately. Commendations and other awards slightly below comparable offices. Morale appears excellent.

Applicant Recruitment Matters - Fair (Last Inspection - Not Rated). Baltimore recruited average 1 Agent per month and office commended for exceeding quota for first two months 1966. Since 2/1/66 Baltimore has had quota of 14 clerical applicants per month but recruited a total of only 24 during February, March and April, 1966, meeting quota only in March. Office censured for not meeting quota first 2 months 1966. ASAC has direct supervision of Baltimore recruitment program which after slow start now is imaginative, aggressive and productive.

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

Contacts - Excellent (Last Inspection - Excellent). 17 SAC contacts (14 last inspection), 5 developed by present SAC; geographical and quality coverage excellent. Speech program very effective with diversified coverage before quality groups. Public appearances in 1965 exceeded 1964 and are on increase in 1966; excellent record with respect to radio appearances; SAC instructed to place additional emphasis on television appearances. Fugitive publicity receiving wide dissemination. Liaison, National Academy, and police training programs operating effectively. Generally, favorable relations exist with press. Relations with U.S. Attorneys' Offices cordial and effective. Comments of individuals contacted by Inspection Staff indicate very favorable image of FBI in Baltimore territory.

RECOMMENDATIONS:

1. SAC Edwin R. Tully, GS-16 @ \$20,297, nonveteran, not on probation, at Baltimore since 8/18/63, second office as SAC, 46 years of age. Makes excellent personal appearance and demonstrates ability, confidence and firm leadership qualities. Physical condition and maintenance, stenographic and investigative delinquency and applicant recruitment all vastly improved. Time in the office reduced (below field average) and bank robbery solution rate up from 42.9% to 57.1%. Considered qualified to continue as SAC, Baltimore. If approved, attached letter summarizing inspection findings should be forwarded.

2. ASAC Joseph H. Gamble, GS-14 @ \$16,204, veteran, not on probation, second office as ASAC. He presents an excellent personal appearance, possesses a pleasing personality, and is effective in his contacts with the public and his employees. Since his assignment as ASAC, Baltimore, on February 14, 1966, he has become very knowledgeable as to his duties and has discharged his responsibilities in a highly capable manner. Continue as ASAC.

3. Other supervisory personnel have been evaluated separately.

Dear Tully:

I want to extend my thanks for the excellent manner in which you represented the FBI at a recent meeting of the Lions Club of Hyattsville, Maryland.

Your appearance before this group has contributed to maintaining the esteem which this Bureau has enjoyed over the years, and I appreciate it.

Sincerely,

J. Edgar Hoover

By separate memorandum it has been recommended that SAC Edwin R. Tully, Mobile Office, be transferred to serve as SAC in the Baltimore Office if SAC Edward J. Powers submits his application for retirement. Accordingly, it is recommended that Inspector Earl M. Dalness of the Inspection Division be transferred to Mobile to serve as SAC should Powers submit such application. This recommendation is contingent upon Inspector Dalness's advising he intends to make the Bureau his career. Dalness had his last physical examination on 3/18/63, which is over 90 days, and also would be contingent upon his receiving a current physical examination with satisfactory results.

Inspector Earl M. Dalness entered on duty 1/4/43, is in Grade GS-15, \$15,045 per annum, 50 years old, married with three children, has a B.S. Degree, and was born in Grand Forks, North Dakota. He served as ASAC in the Pittsburgh Office from 8/17/58 until he was transferred to serve as ASAC in the Cincinnati Office 7/31/61. He remained in the Cincinnati Office as ASAC until reporting to the Inspection Division to perform duties as an Inspector on 10/1/62. He has performed inspection duties since that date. He was rated Excellent on his annual performance rating 3/31/63 with comments that he made a very impressive personal appearance and got along well with those whom he contacted officially. Since his assignment as an Inspector, he performed with a bare minimum of supervision and had proven to be a valuable addition to the Inspection Staff. He was available for, interested in, and considered to have excellent qualifications for further administrative advancement. He was last seen by the Director on 11/1/62 and the Director stated Dalness made a mature personal appearance. As of 6/30/63 the Mobile Office had 940 investigative matters pending with 39 Agents assigned. During the past six months, Dalness's overtime was substantially over 2 hours per day and his weight is satisfactory.

RECOMMENDATION:

If SAC Edward J. Powers of the Boston Office submits his request for retirement, the following action should be taken:

DATE: March 1, 1966

FROM : C. D. DeLoach

SUBJECT: CONFERENCE WITH SACs
VERNON H. BAILEY - ALBANY
SOUTH A. WERNER - DENVER
EDWIN R. TULLY - BALTIMORE

I held a meeting with captioned SACs for approximately 40 minutes beginning at 5:00 p. m., Tuesday, 3/1/66.

We first discussed the matter of statistical accomplishments and specifically the category of convictions. All of the old excuses, such as crowded court calendars, inefficient or unwilling U. S. Attorneys, and other items were discussed thoroughly. Nevertheless, the necessity for surpassing previous records in statistical accomplishments was stressed. I told these SACs that despite the fact that some offices have good statistical records in this regard, this did not mean that such offices should lag behind for the remainder of the fiscal year.

We discussed at some length the matter of the usage of electronic devices. I explained to these SACs just exactly why it was not logical to utilize such devices at this time. The President's order as well as the analysis of this order by the Attorney General and the hearings by the Long Committee were mentioned in some detail. These men were told that we of course must fill in the gap by a better and more superior informant program. They were advised that no excuses would be accepted in this matter. A failure on the part of any office to develop a successful and aggressive informant program will most certainly result in severe disciplinary action.

While the SACs Albany and Denver did not have very much connection with this matter, I dealt at some length with SAC Tully concerning civil rights matters in Baltimore and more specifically the fact that his office must be kept abreast of activities this coming summer. I discussed with SAC Werner, Denver, the recent "sit-in" demonstration in his office and mentioned several lessons we had learned as a result of such demonstrations here in Washington, D. C. We went over very carefully the forthcoming trial which is to be held in Denver regarding the demonstrators who were arrested for violating the law. If these subjects are convicted, this case will undoubtedly go on up to the Supreme Court.
